

# "I Am Ready", Wilson's Brave Reply When Told He Had But Few Hours To Live; Dr. Grayson Describes Tragic Scene At Bedside

WASHINGTON, Feb. 1.—(By the United Press)—Woodrow Wilson's death within a few hours is inevitable, his doctor, Admiral Grayson, told Mr. Wilson today.

"I am ready," Mr. Wilson replied.

Admiral Grayson made his statement to Mr. Wilson after a consultation with two other doctors, in which all three doctors agreed nothing could be done to stay off death.

"I'm a piece of broken machinery," Mr. Wilson said in a feeble voice when Dr. Grayson told him.

"What the machinery is broken," his voice trailed off, "I am ready," he repeated.

With the tears streaming down his face, Admiral Grayson himself, told the story of the scene today.

Mr. Wilson put his hand on Grayson's arm and said: "You've been good to me. 'You've done everything you could.'"

Grayson wept like a child. He could not tell his story of the tragic scene at the bedside of his friend for his tears.

"I'm sorry to choke up this way, boys, but I've been with him so long," said Grayson. "He has been such a fine friend."

Grayson said the former president may die at any hour or he may

linger on for a day or two.

"He knows the situation, however," Grayson went on. "He is the greatest man I ever knew."

No one has seen Mr. Wilson today except Mrs. Wilson, his physicians and nurses.

Grayson said Mr. Wilson's blood vessels are about gone.

Dr. Sterling Ruffin joined Dr. Grayson on the steps of the house and Dr. Grayson, with a sorrowful gesture to the little group of newspaper men turned away and went back to his dying friend.

Just before he went a messenger from the White House stepped up

and handed him an envelope. Traffic has been barred from the block in which the Wilson house stands.

When the news of the imminence of Wilson's death spread through the city little groups of people gathered nearby.

Endless lines of men and women went by the house and looked at the windows of the house where the last act of the tragedy was being enacted.

Joseph P. Tumulty, former secretary to Mr. Wilson, went in and there were tears on Tumulty's red, chubby cheeks. When he came out he could not speak.

# WOODROW WILSON NEAR DEATH

## Ex-President Takes Turn For The Worse

### Toll Of 8 Taken In Two Fires

AKRON, O., February 1.—(By the Associated Press)—Four persons, a mother and three children, were burned to death, and a fifth seriously injured early today when fire destroyed a home in East Akron.

The dead are:

Mrs. Arthur Smith, 22; Anna, 3; Kathleen, 2, and Arthur 10 months old. David Haynes, a brother of Mrs. Smith, is in a city hospital suffering from serious burns.

All were trapped in their beds when the house caught fire. Haynes made an unsuccessful effort to save his sister and her children.

Mrs. Smith, firemen believe, arose early and used kerosene in starting a fire in the kitchen stove. The kerosene exploded, it is believed, and enveloped the woman's clothing in flames. Her brother, sleeping in another part of the house, was awakened and made unsuccessful efforts to save the others.

Arthur Smith, husband and father, returned from his work on the night shift at a local rubber factory just as the bodies were being carried from the burning home.

Four Perish

UNIONVILLE, MISS., February 1.—(By the Associated Press)—A man, his wife and their two children were burned to death in their farm home five miles west of here early today, when a can of kerosene being used to start a kitchen fire, exploded. The dead are: Edward Bowles, 38; his wife, who was partly paralyzed; a boy of five and a girl of two.

A POLICEMAN SHOT A MAN FOL TIMES EN HE GOT WELL, BUT EF HE'D JES' SHOT AT ME FO' TIMES I'D A BIN SICKLY DE RES O' MAH LIFE!!

WASHINGTON, February 1.—(By the Associated Press)—At 2:30 o'clock Mr. Wilson took a little light nap, although he was very weak. Dr. Grayson returned to the sick room with the intention of remaining through the day and night.

WASHINGTON, February 1.—(By the Associated Press)—Personal friends inquiring at the Wilson home shortly after 2 p. m. today were told that the former president was very near death, but that he had awakened from a short sleep and still was conscious.

"You have done the best you could," said Mr. Wilson to Dr. Grayson just before he fell asleep. "But I'm a broken machine."

Then he added with a rally of his waning strength: "But I'm ready."

WASHINGTON, February 1.—(By the Associated Press)—Woodrow Wilson is at death's door.

Wasted by months of suffering, the war time president is fighting what his physicians say may be his last battle. After a sudden turn for the worse during the night, he lay throughout the morning hours between life and death. He rallied slightly at noon and talked in whispers to those about him. In the early afternoon he seemed to be resting easier, but his attendants saw little hope that the end could long be delayed.

At one o'clock his friend and physician, Dr. Grayson, announced that the former president was asleep and that his pulse was "a trifle stronger."

A crisis may be reached before nightfall. Dr. Grayson has called in other medical advisers, and Mrs. Wilson, the constant companion of her husband's protracted suffering, has summoned other members of the family to his bedside in the S Street home to which he retired from White House.

Miss Wilson Leaves For Father's Bedside

NEW YORK, February 1.—(By the Associated Press)—Miss Margaret Woodrow Wilson, daughter of the former president, left hurriedly today for Washington, according to friends living in her apartment house in Washington Square.

McAdoo's To Start At Once

LOS ANGELES, Cal. Feb. 1.—Mr. and Mrs. William G. McAdoo, son-in-law and daughter of Woodrow Wilson, who early today received their first news of the serious turn of Mr. Wilson's illness from THE ASSOCIATED PRESS, will leave without delay for Washington, it was announced at Mr. McAdoo's offices.

Wilson Rallies—Conscious—Talks to Attendants

WASHINGTON, February 1.—(By the Associated Press)—At noon Mr. Wilson had rallied a little but there was no material change in his condition. He was fully conscious and in a faint voice talked with those at his bedside.

Dr. Sterling Ruffin, one of the attending physicians, pronounced Mr. Wilson's condition unchanged as he left the house shortly after noon. The physicians will issue a joint bulletin later in the day.

Digestive Disorder Cause of Relapse

Woodrow Wilson, on this present day of the United States, lies near death in the home here that has been his his place of seclusion since he left the White House.

A digestive disorder, first noted several days ago, developed a condition during the night that was described by his physician, Rear Admiral Cary T. Grayson, as "very serious."

A crisis is believed likely before the day is over. The members of his family have been summoned by Mrs. Wilson, who is in constant attendance at the bedside.

Three physicians also are in attendance and an operation may be necessary. Dr. Grayson, in addition to the force of two nurses and an orderly already on duty called in during the morning Dr. Sterling Ruffin and Dr. H. A. Fowler, both of whom helped care for Mr. Wilson while he was ill in the White House. Aside from the physicians only a few of the former president's closest friends were admitted to the house. Vance McCormack, former chairman of the Democratic National Committee, leaving after a short talk with Mrs. Wilson, said that death might come today or stay its hand until tomorrow.

Many Messages of Condolence

President Coolidge was one of the first to send a message of sympathy. When he heard of the serious situation of his predecessor he and Mrs. Coolidge conveyed a message in which they included a prayer for recovery.

The messages of concern came from the lowest as well as the highest among the fellow citizens of the former president as did the great pressure of telephone inquiries that besieged newspaper offices as soon as the news spread. Washington and the country had heard many rumors heretofore about supposed relapses but this time there seemed to be a universal realization that something grave had occurred. From all corners of the war time president in distant states, from friends of Woodrow Wilson in his youth and his colleagues, as well as from public officials throughout the branches of the government came the inquiries and expressions of regret in a great tide of public sympathy.

Monsignor Hickey Dead In Cincinnati

CINCINNATI, O., February 1.—(By the Associated Press)—Monsignor William D. Hickey, vicar general of the diocese of Cincinnati, who died last night after a short illness, was born in this city in 1857. After completing high school, he entered the Good Shepherd Seminary, where he died, to prepare for the ministry. After completing his course, Father Hickey passed a year teaching at Seton Hall School, Orange, N. J., before being ordained August 1, 1880.

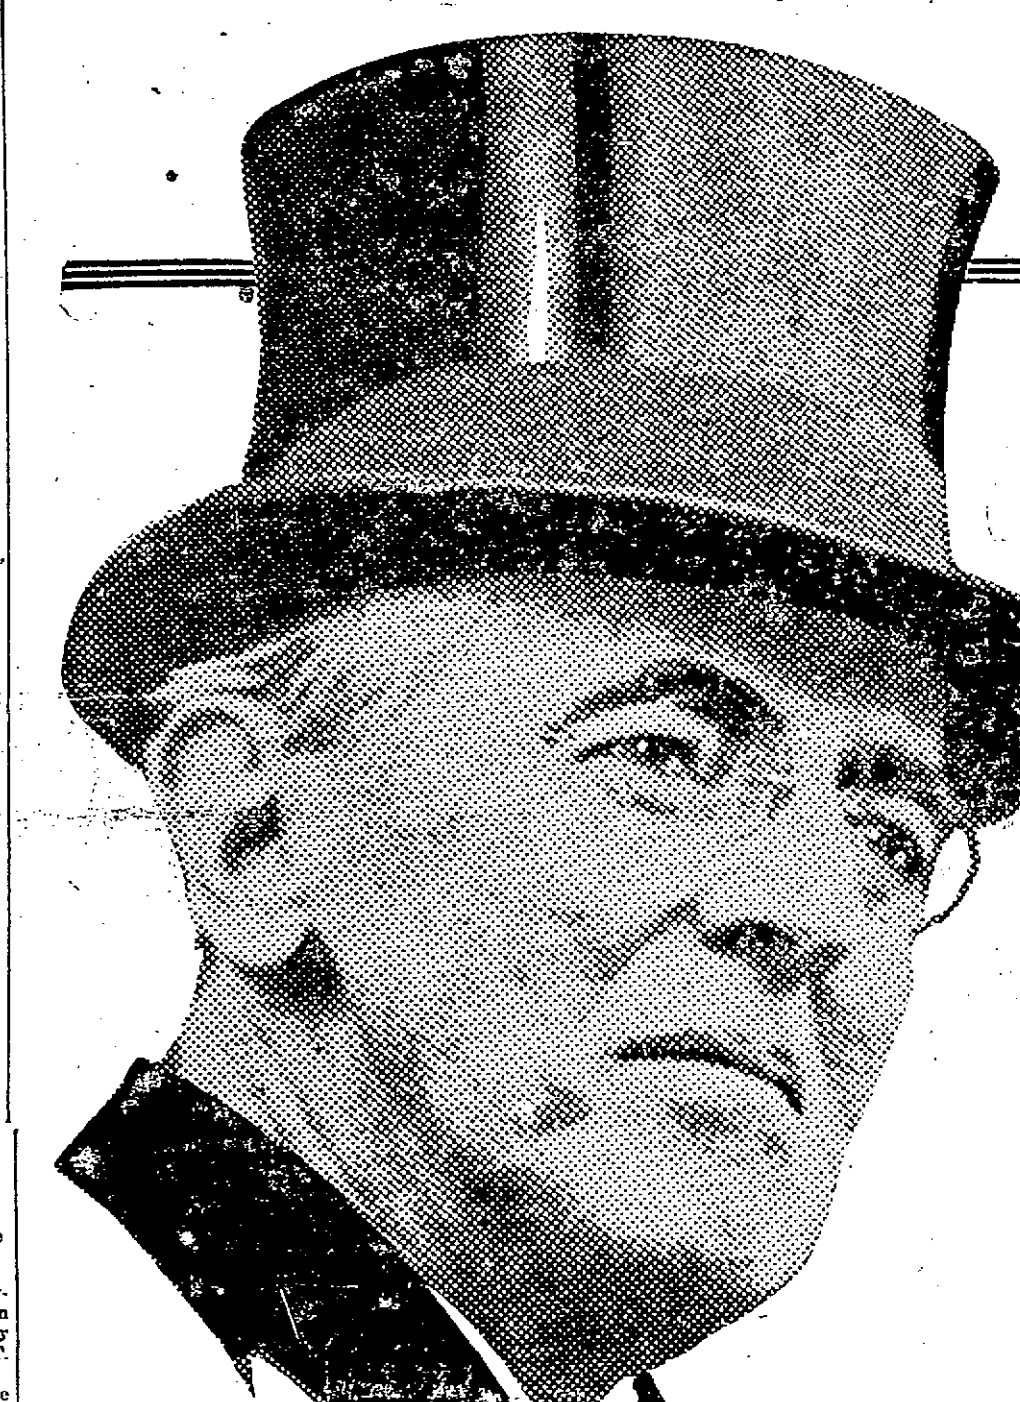

In 1921, he was made a monsignor by the pope, and shortly thereafter, became vicar general of the diocese. As a priest, Father Hickey held parishes at Dayton, Cincinnati and London, O.

Lumber Exporters Elect

CINCINNATI, O., February 1.—(By the Associated Press)—The National Lumber Exporters' Association, which closed its twenty-fourth annual convention here last night, elected F. E. Hoffman, Fort Wayne, Ind., president. J. J. Alcock, treasurer, and Harvey M. Dickson, Baltimore, secretary.

A resolution was adopted protesting against the strike clause in the new bill of lading of the United States Shipping Board, which reserves the right to deliver exports at a port other than the one designated by the shipper, if the designated port is tied up by a dock strike.

## "McAdoo And Gregory Have Been Employed By Oil Interests"—Doheny

### FALL ORDERED TO APPEAR TO TESTIFY

WASHINGTON, February 1.—(By the Associated Press)—Both William G. McAdoo, Democratic candidate for the presidential nomination, and Thomas W. Gregory, the Democrat chosen by President Coolidge to prosecute the government's oil lease cases, have been employed by oil interests, E. L. Doheny, Californian operator, testified today before the senate oil committee.

Mr. Doheny said his company had employed Mr. McAdoo to represent it in Washington on Mexican affairs shortly after he left the cabinet.

Mr. McAdoo received \$250,000 "all told, from our company," Doheny said, adding that Mr. McAdoo still "represents us in Mexico."

"Our company and half a dozen others employed Mr. Gregory to represent them before the president in regard to getting permits in Dill oil wells," said Mr. Doheny. "Our share of the fee was \$2,000."

McAdoo MAKES STATEMENT

LOS ANGELES, Feb. 1.—That the "dragging of my name into the investigation of oil leases at Washington is wholly without justification of any sort," was the declaration today of William G. McAdoo when shown E. L. Doheny's testimony of his connection with the Doheny companies before the senate investigating committee.

McAdoo declared that he "never at any time has been employed or consulted regarding any oil leases anywhere in the United States." His services to the Doheny interests, he

## AMERICAN PEOPLE CAN COUNT ON STRAIGHT REDUCTION OF ONE-FOURTH OF INCOME TAX

BY DAVID LAWRENCE  
(Copyright 1924)

WASHINGTON, Feb. 1.—When the American people make out their income tax returns on March 15th of this year they can count on a straight reduction of one fourth the total tax they otherwise would have paid.

Both Democrats and Republicans are agreed on the proposal and the only question now is whether the present law will be amended by a joint resolution or whether the reduction will be made a part of the general revision of the revenue laws which have been under consideration for several weeks. The method is not important for the result is assured.

In other words, Congress has decided to permit the American people to cut themselves a piece of cake. Out of the \$223,000,000 surplus in the Treasury, fully \$223,000,000 will be refunded in the form of tax reduction applied to the 1923 income.

## Says Government Would Lose More

WASHINGTON, February 1.—(By the Associated Press)—The government would suffer a loss of \$347,981,561 in revenue with a reduction of taxes as suggested by the Democrats against a loss of \$287,814,261 under the Mellon plan, Secretary Mellon informed Representative Garner, author of the Democratic scheme, without comment, in estimates submitted today.

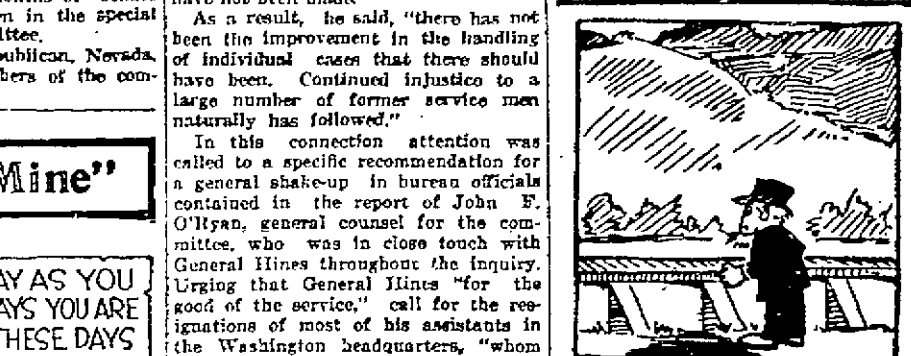

"Sample speeches" made by the students themselves and delivered amid criticism likened to that of the inevitable becker of political speakers, were to be continued today.

The women also were to have before them for consideration resolutions presented yesterday which would commit them to a policy of objecting to the sale of arms to Mexico, endorsing entrance of the United States in the world court and commending Senator Walsh, of Montana, for his investigation work in connection with the Teapot Dome incident. Prediction was freely made that all would be adopted.

## WILSON HAS FAILED TO "CLEAN HOUSE" IN VET BUREAU, SAYS SENATOR

WASHINGTON, February 1.—(By the Associated Press)—Dissatisfaction with what is described as the failure of Director Hines to "clean house" in the Veterans' Bureau on the basis of disclosures in the nine months of senate investigation has been declared today by Senator Odell, Republican, Nevada, one of the three members of the committee.

As a result, he said, "there has not been the improvement in the handling of individual cases that there should have been. Continued injustice to a large number of former service men naturally has followed."

In this connection attention was called to a specific recommendation for a general shake-up in bureau officials contained in the report of John F. O'Ryan, general counsel for the committee, who was in close touch with General Hines throughout the inquiry. Urging that General Hines "for the good of the service" call for the resignations of most of his assistants in the Washington headquarters, "whom he found there when he assumed his duties," Mr. O'Ryan declared that it

## Mysterious Explosion Damages Tire Shop

Damage estimated at \$3,500 was entailed last night when an explosion of mysterious origin blew out the plate glass front of the Standard Vulcanizing company's store at 225 Fifth street and damaged 200 tires, many inner tubes and virtually all the stock in the store.

Members of the Seventh and Gallia street companies responded to a call and quenched the flames with chemicals before much progress had been made, no water whatever being due to the explosion in the room, which after igniting blew out the front and shook the entire building.

O. D. Morgan, general manager and owner of the store says that when he left it at 7:30 last night, no gas was turned on and he left only a small fire in the stove. When he reached the store after being notified about the explosion he discovered a gas pipe had been removed from a gas pipe near the rear partition. He says this caused the room to be filled with gas and the subsequent explosion.

Just when the tap was removed is unknown, says Mr. Morgan and he has already started an investigation to determine who did it and is being assisted by Chief Leedom. "I know the tap was on the pipe when I left my store to meet my daughter at the N. and W. depot," Mr. Morgan told a Times man today.

Raymond Lemon, a Selby shoe worker, who lives on Court street, was near the building when the explosion occurred. The loud report aroused many of the neighbors and an alarm was soon turned in. For a while it looked like adjacent property would be involved, but the flames were confined to the building in which they originated.

Chief Leedom said today he would investigate all phases of the affair. The entire room was sealed by flames, but it is not believed that all the tires in it are seriously damaged. Mr. Morgan said today his loss is covered by insurance.

## BOBBED HEADS STILL THE RAGE IN PARIS

(BY HEDDA HOYT)  
(Fashion Editor the United Press)  
PARIS, FRANCE, February 1.—(By the United Press)—A woman with a bobbed head is as popular as a man with a wart on his nose—in Paris.

In spite of pictures in fashion magazines of Parisians with sleek, long hair drawn severely back from the forehead and twisted in buns, Greek rolls, chignons, etc., one doesn't see this sort of thing in Paris, except on women of mature years who have long since lost the glint of the style.

Bobbed heads are still very prevalent. Glancing over the crowd of gayly gowned women in the theatres, one can tentatively say that over 50 per cent of the women have short locks. The wild, curled "bob" of last season, however, is seldom seen.

Straight hair often so straight that it looks as though it were plastered to the head, is quite the rage of the moment and on the dark haired Parisian it is extremely chic. The back of the head is always boyishly "bobbed", with what little marcelle there is concentrated at the front and sides.

Blonds, while following the boyish cut, usually have the whole head waved and brilliantined in place, as the severe head-dress is not as becoming to the blond as to the brunette. We can say at least this for the new back clip: It certainly saves a lot of elbow strength, to say nothing of burnt necks.

White velvet textured faces, carmine lips and natural eyebrows are the mode for 1924. By white faces, I do not refer to the chalk-like masks often seen on girls in America, for Parisian women prefer a natural creamy shade rather than a dead white one. Eccentric yet lowish powders of last year are not being used at all. In fact, make-up this season seems to be concentrated on the

mouth, the lashes and the brows. I have never seen lips of such brilliant coloring or lips that are made up with such deftness. The making up of the mouth has always been an art with the Parisian. If her mouth is too small she widened it to the ends with a water-proof lip rouge and accentuates the cupid's bow by means of an orange stick, rather than the finger. Large mouths are never colored entirely to the ends, though by deepening the cupid's bow they can be made to appear smaller.

Plucking of the eyebrows is being done away with to a great extent, and now the idea is to train the brow to form a natural arch by brushing it each day with a small brush and brilliantine. Uncurled hairs that form an ugly line are shaved rather than plucked away, as constant plucking tends to weaken the lid of the eye. The Parisian always will make up her eyes more or less. Usually she darkens the lid a bit to give depth to the eye and mascaraes her lashes.

Blonds continue to use a light rouge on the cheeks in spite of the prevalent pallor assumed by brunettes. Women whose locks are red or Auburn also look their best with a little color on their cheeks.

Nails Are Red  
The Parisian spends as much time on her hands as she does on her make-up. At present the highly colored finger-poll is being used and sometimes the nails are a brilliant red. American women have never considered this high polish of the nail in good taste, though I must say a white hand with reddish nails looks alluring under the thin lights. One sees women now and then with dimples on the back of their hands accentuated with touches of rouge.

Hair dyes, peroxide and henna seem to have vanished completely. Perhaps it is because of the simplicity of the cut in general. One can hide poorly touched-up locks under swathes and his way to the south today in the custody of a deputy sheriff. The arrest was made by Deputy Sheriff W. P. West, of Cumberland county, North Carolina, who said he learned of Smith's presence in Beach Bottom through letters the man wrote to friends in Fayetteville. The prisoner works in Beach Bottom for six months. He claimed his name was John Brown and said he never lived in the south.

According to Deputy West, Smith killed his wife and children by cutting their throats with a razor.

Unable to receive state aid adequate for improvement of Scioto county roads this year, the 50-50 basis Scioto county's board of commissioners face the possibility of building at least a couple of miles of hard surfaced road this year with the county funds only. Federal aid to the amount of \$45,000 and state aid to the amount of \$45,000 is all that the county can count on this year outside of county funds. This was learned by the commissioners Joseph Appel, John Bennett and W. O. Shively, County Engineer Noel and Representative Adam Erick who also represented the Chamber of Commerce when they held a conference with State Highway Commissioner L. A. Boulay at Columbus Thursday.

Federal aid money can only be spent on three miles, and a maximum of \$15,000 a mile can be obtained Mr. Erick reports. This means that three miles of the Buena Vista pike must be contracted this year if advantage is to be taken on the Federal aid. Four miles will then remain to be contracted which the Federal highway system in Scioto county will be complete, extending from Portsmouth to the Adams county line, to Ironton, and to the Pike county line on the Scioto Trail.

To get this \$45,000 Federal aid action must be taken at once on the improving of three additional miles on the Buena Vista pike, otherwise the money is given to some other county. Application for this money must be made within a few weeks.

Of the \$45,000 state aid money available this year \$9,000 has already been set aside for the completion of the Scioto Trail improvement north of Lucasville. Director Boulay told the Commissioners to urge the N. and W. to take action so this improvement could be completed. This would leave \$40,000 state aid money for other county roads including three miles on the Galeana pike—Otway route and a mile on the Portsmouth-Oak Hill route. The county is expected to have available this year about \$200,000 for expenditure on good roads. The improving of a mile of the Otway road past the new Country Club is expected to be one of the first jobs started this year. Plans and specifications for this improvement are already on file with the state highway department.

The other improvement on the Otway road contemplated for this year was a two mile stretch from the village east and the elimination of four grade crossings on the N. and W. Work on the Oak Hill road beyond Slocum station is expected to be held up a while on account of a change in the route there being considerable opposition to the plan to improve the road over Allegheny hill, the favored route being via Happy Hollow which eliminates the dangerous hill. Changing of this section of roadway has been hanging fire for about two years and an effort will be made to settle it soon so as to allow work of improving to proceed.

With the completion of the Ohio river road beyond Buena Vista the county will be without a Federal aid project. In an effort to get continued Federal aid for Scioto county roads Representative Adam Erick is to take up with the U. S. Department of the Interior, Division of Reclamation, Otway, Hills, Dayton road and the Portsmouth, Oak Hill, Jason McArthur, Logan and Zanesville road designated as Federal routes. It is pointed out that the county has not received its share of Federal and state aid for the building of the main market highways such as Scioto Trail and the Ohio river road east and west.

Civic clubs of the city are playing a prominent part in the proposed new highway developments. Before the delegation left for Columbus a committee from the Rotary club conferred with Mr. Erick, and their suggestions were incorporated in Mr. Erick's message to the Highway Department, as were the proposals embodied in Exchange Club action on the highway subject. Members of the Rotary club committee were D. Tremper.

COLUMBUS, O., February 1.—(By the United Press)—Mrs. Nellie H. Dayton, Columbus, who filed divorce suit against her husband, Joseph W. Dayton, this week because "Dayton made a fortune as a bootlegger and spent large portions of it on the other women," may split a lot of valuable "beans," which any aid state prohibition officers got at the bottom of the alleged wholesale liquor ring the agents believe they unearthed some months ago.

Mrs. Dayton has said that her husband made more than \$20,000 selling liquor during February, 1922, alone and that he bought expensive presents for another woman.

Mrs. Dayton will be quizzed by state authorities. She is expected to throw some light on the alleged liquor ring under surveillance by Deputy State Prohibition Commissioner Frank B. Evans' department.

## Airplane Tests Save Day In Trans-Atlantic Mails

LONDON, February 1.—(By the Associated Press)—Recent experiments in carrying dummy mails by airplane between Plymouth, Manchester and Belfast, to test the practicability of saving time in transit to and from America, show that the average acceleration was 20 hours from Plymouth to Belfast and 13 1/2 hours to Manchester. The route used is subject to bad weather conditions in varying parts of the year, but in the first fortnight 14 flights scheduled for Manchester were all completed, and of the 13 to Belfast ten were completed.

In the second fortnight fogs considerably interfered with the experiments and of seven flights scheduled to Manchester only three were effective, while only two of the seven to Belfast were completed. Even under the test conditions the flying time was strictly adhered to, and the saving of a full business day effected.

As a result of the service, the Belfast corporation has under consideration the establishment and maintenance of airmail facilities within its own boundaries. Parachutes were used in the Belfast trials, and various Angle articles came down unhurt in the car attached to the parachute, which were released from a height of 200 to 300 feet.

## Select Architect to Prepare Plans For New Bank Addition

The building committee of the First National Bank, composed of George E. Sadleir, Irving Drew, John C. Bauer and Dan W. Conroy at a special meeting last night commissioned the Carmichael-Millsap company, Columbus architects, to prepare plans for the eight-story addition to the present bank building at Gallia and Chillicothe streets. Work of tearing down the existing addition, which will be the site of the new addition, will start March 1st, it was announced.

Type of construction is expected to be of reinforced concrete frame-work, although the whole matter will be in indefinite form until the architect's revised plans are approved.

The addition will double the Chillicothe street frontage, office facilities and banking space of the financial institution, and give Portsmouth one of the finest office structures in the Tri-State district.

## CLUB HOLDS MEETING

The "Four Hundred Embroidery Club" held an enjoyable meeting on Thursday afternoon at the home of Mrs. John Acstin, 1511 Waller street. After several hours of needlework a delicious lunch was served. During the business session Miss Hazel Vinson resigned as treasurer, and Mrs. Christine Favett was elected to fill her place. Mrs. Genevieve Williams was elected as social reporter. Those present were Mrs. Chester Favett, Mrs. Genevieve Williams, Mrs. Hattie Whitaker, Mrs. Hattie Melvin, Mrs. Gladys Nichols, Mrs. Vera Underwood, Misses Anna Prater, Gladys Smith, Hazel Vinson and Sara Auslin.

The next meeting will be held at the home of Mrs. William Underwood, Jr.

## Five Missing As Result Of Boat Sinking In Ohio River

PADUCAH, KY., February 1.—(By the Associated Press)—Two passengers and three negro deckhands were missing today as a result of the wreck of the river steamer Thomas C. Powell in the Ohio river at a point near Wilson's Light, eight miles from here last night. Survivors of the wreck were landed here by the tow boat Marks Richardson. Sheppard Green, captain of the Powell, declared the boat struck a sunken obstruction, sinking within three minutes. Captain Green grounded the boat. Only the Texas deck and the top of the pilot house are above the water. The survivors took refuge on the Texas deck and later some of them were taken ashore in boats.

Mrs. Mary McNeely, of East St. Louis, the only woman passenger, was rescued with difficulty after drifting freight had pinned her against the side of a cabin. Captain Green and helpers broke through the floor of the Texas deck to rescue Engineer W. E. Pemberton, a helper and a passenger who were imprisoned below.

The boat is believed to have struck a large ice floe.

The Powell was en route to Nashville, Tenn., and carried thirteen passengers and a crew of seventeen, including deck hands.

Candler, her decision to seek a divorce in Reno from Adolph Roquet of New Orleans, her puns of loneliness while "soliloquizing" the required time in Nevada, a series of twenty-one letters written by Mrs. de Bouchel to the Atlanta capitalist, were read into the record yesterday.

The letters were written at intervals over a period which began shortly after the meeting of Mrs. de Bouchel and Mr. Candler, or several months before she is said to have taken steps to secure a divorce.

Will Attack Divorce  
Mr. Candler's attorneys have indicated that the defense will attack the divorce granted Mrs. de Bouchel, centering around the contention that the engagement broken by Mr. Candler was null and void because she still was the wife of Roquet when she contracted to marry him, and, should the attack on the validity of the Reno decree fail, that they will hold that it would not hold in Georgia, since it was obtained on grounds of non-support, insufficient they say, in this state.

Early in 1920, the romance had developed "from the very heat of good wishes" state where Mrs. de Bouchel in writing of her intentions to come to Atlanta, stated:

"I shall stop off at Atlanta for a day or so for the sole purpose of seeing you, and of course, I expect your modified attention, you say 'Lethario'."

Four days later a letter addressed to "My Dear Mr. Candler" declared it was impossible for her to go abroad without telling him good bye. She stated "since the mountain won't come to Mahomet, Mahomet will have to go to the mountain."

Tells Her of Rumors  
On September 15, 1922, a letter to Mrs. de Bouchel from Mr. Candler without salutation found the writer "in a state of great perplexity." He informed her that he had heard two men living in Atlanta claim to have visited her by invitation at night in her hotel room. "To marry with these reports in force, could not in any case be right or fair to either of us," he wrote. "Even though they be untrue."

Thirteen days later Mrs. de Bouchel wrote to Mr. Candler:

"My attorney informs me that yesterday you refused to divulge the names of the men in Atlanta who you say claim to have visited me there in my rooms for improper purposes. Do you expect me to let this hideous slander go unpunished? I'll publish it to the whole world."

In a letter postmarked New York, November 23, 1920, she thanked Mr. Candler for the gift of a ring, saying: "I put aside my other elaborate ring and replaced it with your precious gift, which shall always be one of my most prized possessions because it came from you."

A letter quoted her also as saying to Mr. Candler:

"Yes, all that you have read in the face of the photograph is quite true and there are a great many other things in the eyes and heart of the girl that are sweeter and purer still."

"Listen, dear, I don't want you to worry about my trouble with the dentist. It is all over."

Another quoted her as saying:

Told Not To Flirt  
"Twelve months is a long, long time, isn't it? Well, perhaps after all we may just as well cut off three months. What do you think?—yes, indeed, you may ask for a letter each day. It will be a great pleasure to write to you—remember that I expect you to be true, so be polite to the ladies, but be very careful and do not flirt and allow them to believe that your intentions are serious. You must never forget that you belong to."

Paying a tribute to Director Hines as an official of integrity, experience and industry, Mr. O'Hanlon declared it could be said almost with certainty that he would not succeed unless he dispenses the services of a substantial number of men whom he inherited from his predecessor.

Friends of Director Hines point out that he has made a number of changes in the bureau personnel as a result of the senate investigation but Senator Oddie contends that he has not gone as far in this direction as he should.

Continued From Page One  
When tax reduction was first proposed by Secretary Mellon the general understanding, of course was that the new bill would not apply to 1923 incomes but would be felt by the tax payer for the first time when he made out his income returns in March 1924. Political leaders wondered whether a promise of something that was to happen in 1925 would be remembered when the voter went to the polls in November, 1924 and the conclusion reached was that if the tax payer could be made happy when he pays his taxes during 1924 it would be of far greater value politically speaking than a reduction in the future.

The Democrats planned the same kind of action but whether the Republicans thought of it by themselves or heard of what the Democrats intend to do or whether the minds of the statesmen in both parties ran along the same channel is hard to determine. The plan on the Republican side originated with Representative Green of Iowa, Chairman of the House Ways and Means committee, who obtained the tentative approval of Secretary Mellon of the Treasury Department which of course means the sanction also of President Coolidge.

Shrewd Political Move  
It's a shrewd move and will have important political effects. Naturally the Treasury Department would like to see the twenty five percent reduction which applies to 1923 incomes made a part of the general tax bill so that the course of the latter will be accelerated. Indeed, public opinion may now be expected to get behind the tax measure with unparalleled strength so that the tax payers may actually enjoy on March 15th next a reduction in taxes. The Democrats will try of course to separate the new proposal from the man tax bill on the ground that it needs quick action and that the tax bill which will apply to 1924 incomes can be debated for the rest of the present year if necessary without doing anybody any harm. In answer to this the Republicans will say that business should not be kept on the anxious seat, but should know definitely during 1924 what taxes are to be payable in 1925.

As for the tax payers, they will pay next March on their income of 1923, there are many who pay their whole tax bill in a lump sum and do not divide it into quarterly installments. These persons would get a one fourth rebate later on if the new proposal isn't passed by March 15th. On the other hand, the tax payers who pay one fourth March 15th, one fourth June 15th, one fourth on September 15th, and one fourth on December 15th, would have the privilege of omit-

## FIERY, TCHY SKIN QUICKLY SOOTHED WITH SULPHUR

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing soothes fiery skin eruptions so quickly, says a noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning itching or disfigurement. Mentho-Sulphur always heals eczema right up.

A small jar of Rowles Mentho-Sulphur may be had at any good drug store.—Advertisement—

## Speaker Gives Rotarians Insight To Business Conditions In China

W. Massie Foley, Portsmouth man who spent a number of years in China as a representative of the Standard Oil Co., was the principal speaker at the Rotary Club meeting last night.

Mr. Foley's address was in the nature of an open forum with the speaker answering questions of members, propounded on subjects relating to business and economic conditions in that country.

Interesting facts concerning trading and business conditions in China were brought out in the course of the evening, and the meeting proved one of unusual interest.

Members of the local Rotary organization will attend a big gathering in Huntington, Feb. 25th, celebrating the twentieth anniversary of the founding of Rotary. Clubs attending will be from Ashland, Portsmouth, Huntington, Charleston and Logan.

Committees working on the A. P. highway and Oak Hill road projects reported progress in pushing the improvements, when called on last night.

## Fire Damages Unoccupied House

The companies from two fire stations responded to an alarm shortly after eight o'clock Thursday night and made the run to Eleventh and Washington streets to extinguish a small blaze discovered in an unoccupied alley house owned by Mrs. Rosa Duan.

The blaze was quickly suppressed and an investigation led fire officials to believe that the fire originated from a lighted match or cigarette thrown against a crack in the foundation near a leaky gas pipe. The damage was slight.

## Better Housing Meeting February 6

The stage is "all set" for the big meeting which will be held in this city next Wednesday under the auspices of the women's clubs of the city in the interest of the "better housing" movement.

The meeting, which will be held in the public library auditorium, and the principal speaker will be Dr. Robert Patterson, of the Ohio Public Health Association, Columbus, who will address the gathering on the subject of "Health as Affected by Housing." He will start his address at three o'clock and it is hoped there will be a big turnout of women to hear this noted health and housing expert. A general invitation has been issued to the women of Portsmouth and vicinity to attend.

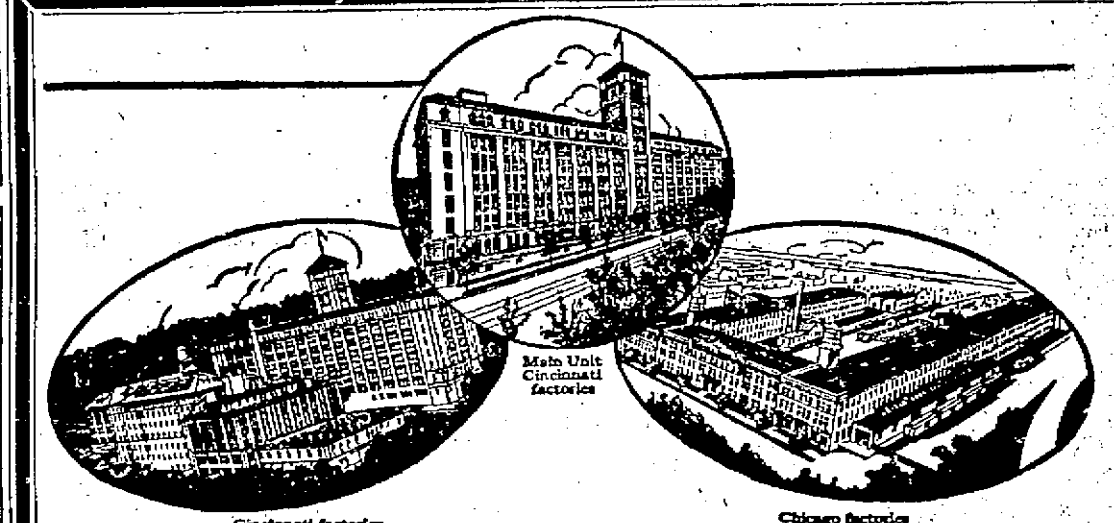

Executive Board To Meet  
Members of the executive board of twenty-two women, appointed recently, will meet in Room 104 High School building, Monday afternoon at three o'clock, for the purpose of electing a permanent chairman and naming committees on survey and legislation. Every member of this board of twenty-two is urged to be present, and the women of the city are cordially invited.

## Living up to Baldwin ideals

IN order that the Baldwin name shall stand for superior musical worth, the executives responsible for Baldwin policy have gathered together the most skilled piano craftsmen of the world and installed them in two enormous factory groups where every detail of production can be handled under their immediate supervision.

Every part that goes into the finished piano is made in these factories. This permits absolute assurance that every product is worthy of the Baldwin name. It also reduces production costs materially.

You will be surprised to learn how reasonably you can buy a good piano or player piano made by the House of Baldwin. Come in and see us.

### WILL MERGE PLANTS

HUNTINGTON, W. Va., February 1.—Positive announcement that a great part of the Charles Boldt Glass company's Cincinnati plant will be immediately dismantled and moved here for consolidation with the large glass manufacturing plant which the Boldt company already maintains in Huntington, was made yesterday afternoon by Charles P. Snow, president of the Huntington chamber of commerce.

More than 100 glass workers will come here as a result of the change in plans.

### That Hang-on Cough Must Go

Home Made Cough Mixture Best of all for the Cough that Sticks

Make It Yourself In Two Minutes

The coughing season is on and every home should have a supply of the best cough remedy to be had, and as you can make this supremely excellent cough mixture yourself why pay high prices for the common kind.

Get from any druggist one ounce of Parmit (double strength)—to this add a little granulated sugar and enough water to make one half pint—just all there is to it.

Then when any member of the family starts coughing or catches cold in chest or head, or has acute catarrh, you are prepared as you should be.

And the children love to take it.

With speed almost beyond belief this home made cough mixture stops the toughest hang-on cough, and all because in it there is a substance (too costly for ordinary cough syrups) that immediately covers the membrane like a soothing, healing pellicle, and blessed relief comes at once.

And you should also bear in mind that any remedy that overcomes catarrh, paritally or wholly, is bound to be of benefit to those who are troubled with head, hoarseness and external deafness.

Get Parmit and get better.—Advertisement sent.

### Fans On Edge For Next Boxing Card

Shifty Dando is rounding out his final training stunts for the set to fight Billy Thorpe Monday night, and appears to be in the best condition of his career. The injured hand, which was giving him slight trouble in his fight with Jimmie Perdue, is entirely well and Shifty says that he is confident that it will be curtains for the aviator of Dayton.

Considerable interest in the coming show is shown in the six rounds preliminary between Doc Price and "Zip" Valente. Doc is a crowd pleasing fighter that has many friends among the "bugs" and is training hard for the go with "Zip." Doc is feeling confident that he carries a better brand than he is required for short strale that he is ready for the semi-final boys in future shows. "Zip" has contended that the knockout fight he received in the one minute fight with "Salter" Roberts was a matter of luck for the "gob" rather than ability to fight. His daily workout with Dando proves that he can shoot wicked gloves and there is nothing to do but wait for Monday night to see how it all works out.

Tickets placed on sale at the Smoke House yesterday were very much in demand and it would be a wise suggestion to call 1425 and have yours laid away, if you have not already reserved them.

### Armed Highwayman Relieves Local Woman Of \$27; Warned Not To Talk About Hold Up

Mrs. R. W. Hanna wife of Dr. R. W. Hanna, of this city, was made the victim of a bold highway robbery while motoring to Columbus Tuesday afternoon and the running out of gasoline was the direct cause of her exciting experience.

Mrs. Hanna claims that when waiting in her car at a point near the Divide, just south of Chillicothe, where her journey was halted by her supply of gasoline becoming exhausted, she was forced at the point of a gun to hand over her money, \$27 in all, by a "nervy bandit" who drove up in his car, after taking her money, speeded away and made good his escape.

Mrs. Hanna was so frightened from her thrilling experience that she was unable to give more than a meager description of the robber, or of the car which he was driving. Later Mrs. Hanna secured aid and comfort from a trip to Columbus, where she is visiting at the home of her brother, Dr. R. O. Calvert.

After the highwayman secured Mrs. Hanna's money he asked her if she had any rings and she replied she did not.

"Well, if any other motorist comes along after me, do not tell them what happened or I'll kill you," the bandit said as he sped toward Chillicothe.

Mrs. Hanna, who was accompanied by her son, says that all she could remember about the man is that he appeared to be tall. Chillicothe police were notified of the robbery and hope to work up a tangible clue.

### Groundhog To See Shadow, Weather Man's Prediction

Fair tomorrow, the weatherman says.

Tomorrow, be it remembered, is Feb. 2, which, legend informs us, is a day of unusual portent in which a lowly groundhog plays a leading role in the destinies of human beings for a matter of about six weeks.

If the weatherman is right there is no reason to believe Brer Groundhog will not see his shadow. If one subscribes to the Groundhog day, there is no reason the little swine will fail to visit upon our heads the six weeks of winter which seeing his shadow always foretells.

### DR. SMITH TO TALK ON FUNDAMENTALISM

Dr. Walter Smith, minister at Trinity church, has received dozens of requests to take up from the pulpit the discussion of the Fundamentalist-Modernist controversy. About seventy-five people have made this request of Dr. Smith and he feels that he can no longer ignore this burning question which is threatening to divide so many congregations of other denominations. Mr. Smith does not feel that there is any real cause for worry over the controversy, but he is anxious to keep his congregation posted on all current phases of religious and thought and activity. He has therefore decided to take up the discussion of this important subject in response to the many requests that have come to him from the community. This will be in the morning service. An added feature of interest in this service will be the rendition of the duet by Homer, "Be Glad O'Ye Righteous," by Messrs. Elmer Fetter and Talmadge Edwards.

### Let Kellogg's Bran free your children from that dangerous disease—constipation

Children are subject to constipation. In the excitement of play, they neglect themselves and foster this dread disease. More than forty other diseases can be traced to constipation. Don't delay. Begin at once to cleanse their systems of the dangerous poisons.

Kellogg's Bran sweeps the intestine clean—and purifies it. It drives out the poisons which undermine your children's health. It makes the bowels function regularly and naturally.

Kellogg's Bran, cooked and krumbled, is guaranteed to bring results if eaten regularly, or your grocer will return your money. It is guaranteed because it is ALL Bran! Nothing but ALL Bran can be 100 per cent effective. Kellogg's Bran is recommended by doctors everywhere—they know from experience that it brings results.

Have your children eat it regularly—two tablespoonfuls daily—in chronic cases, with every meal. They will like its wonderful, nut-like flavor—so different from common bran which are most unpalatable.

As a cereal, with milk or cream, they will enjoy Kellogg's Bran, cooked and krumbled. Sprinkle it over other cereals. Cook it with hot cereals. Try it in delicious muffins, bread, griddle cakes and other recipes given on every package.

But start them eating Kellogg's Bran today. Start every member of your family eating it. Kellogg's Bran, cooked and krumbled, is made in Battle Creek and is served in individual packages by the leading hotels and clubs everywhere. Ask for it at your restaurant. It is sold by all grocers.

### Tag Buying Speeds Up. Warning Issued By Officials

After today drivers of automobiles and light trucks who have not put their 1924 license tags on their machines will be liable to arrest for driving without a license. The warning has been sounded by Secretary of State Thad H. Brown, who announces that plenty of time has been given motorists in which they could have made their purchase of 1924 plates. Police in all cities have been notified to enforce the law after today.

More than 7700 pair of 1924 tags have been sold already to Scioto county motor car owners. Of this number 3,500 pair were for pleasure and business cars and about 900 were for trucks.

Deputy Registrar John W. Snyder of the Portsmouth Banking Company reported a big sale of tags yesterday and another big day, was looked for today, there always being a number who wait until the last few minutes to buy their tags. It is estimated that there are close to 10,000 machines in Scioto county, which means over 2,000 have not yet purchased their 1924 plates.

### Community Chest Bulletin

The youth of this day must be provided with a better condition for the tomorrow. The future day shall be more wholesome than before. Boy nature and girl nature shall not be neglected. It is a duty, a matter of authority among the present day people, to safeguard society, making such better each passing day.

The young people are new people, sent to this scene by Destiny, to take the place of those before. They come with new visions, to fulfill new duties, to assume new responsibilities and must have added power to develop the future.

Precious little shall we leave them, unless we keep world conditions all that a happy people sense as a need, and to which they are entitled. If this is not the world they want, they shall of necessity build over, an inadequate condition, which perhaps arose out of neglect or indifference. If, however, we are keen to save time and ally suffering, there will be something to advantage the future and in pleasing the wisdom which its leaders have won, impart nobler precepts in the mind of the youth.

The citizenship of this day, is the nation's asset for tomorrow. It's the duty of everyone to conserve this credit medium in its very highest state. Therefore, each shall be vigilant in guarding the youth, in allaying want, suppressing disorder, and elevating the social standard everywhere. Much of this can be accomplished through the city service agencies under the budget of the Community Chest.

THE COMMUNITY CHEST COMMITTEE  
W. W. Anderson, Edw. T. Reed and Adam Frick.

### Attorney Williams Invites President To Make Talk At Miami University

WASHINGTON, February 1.—Floyd Williams, Cincinnati attorney and an alumnus of Miami University, Oxford, called upon President Coolidge today to extend an invitation to the Chief Executive to attend exercises commemorating the one hundredth anniversary of the founding of Miami University, to be conducted in conjunction with commencement exercises next June.

This president expressed a keen desire to participate in the observance, but said the time was too far in the future for him to make a definite engagement. He promised to give a definite reply to the invitation later.

Asked regarding his prospective candidacy for the Democratic nomination for Attorney General of Ohio, Mr. Williams said he had it under consideration, but was not ready to make an announcement.

Attorney Williams formerly resided in Portsmouth and is well known here.

**Held For Wellston**  
Acting on information received here that Fred Brooks, 17, Roy Kelley, 18, and Lester Delpra, 18, all of Wellston, were wanted there, local police took them into custody here last night. Wellston authorities were notified of their arrest. Chillicothe Scioto Gazette.

**Forger Found Guilty**  
CHILLICOTHE, O., Feb. 1.—The case of James Brown, indicted for uttering a forged check, was heard by Judge Blosser and a jury Thursday. Prosecutor Fenton handled the case for the state, while Gordon Phillips defended Brown.

Brown's special stunt, as outlined by the state, was pyramiding credit at different banks on an original small deposit, using a different name at each bank.

The jury brought in a verdict of guilty after considering the evidence only eight minutes.

MARION, Ohio, February 1.—Mrs. William Harbott, 63, drank poison at her home here today and died two hours later. She had been ill for many months. The body will be shipped to Ironton, her former home. She is survived by her husband, four sons and three daughters.

Mrs. Harbott had been suffering from melancholia a long time, in fact ever since she suffered an attack of the small pox a number of years ago. She had threatened to suicide and had been watched almost constantly.

Mr. Harbott made a heroic attempt to save her when he saw her pull a bottle from her apron pocket. He tried to grab it, but she had swallowed enough of the contents to cause death. The bottle contained carbolic acid. Mr. Harbott was burned about the face and hands in knocking it from her hands.

### Right After a Severe Illness

McCoy's Cod Liver Oil Tablets  
Helps You Gain Strength  
and Put on Needed  
Weight—Great

Nothing like the vitamins in Cod Liver Oil to help convalescing people to quickly get strong and well—everybody knows that.

But nobody wants to take the ill-smelling, horrible tasting stomach upsetting oil itself, so nowadays, up to date medical men are ordering a tablet of Cod Liver Oil and it surely does the work.

Ask Fisher and Streich, Wurster Bros. and Stewart's Cut Rate Drug Store or any regular druggist for a box of McCoy's Cod Liver Oil Tablets. They are sugar coated and as pleasant to take as candy.

Skinny men and women take them to speedily put on plenty of good healthy flesh and for this purpose they are so extremely good that thin men and women often take on five pounds or over in 30 days. As a matter of fact, your druggist will return your money if you don't take on five pounds in 30 days.

Great for weak, run-down children, too, and gives them a hearty appetite. 60 tablets, 60 cents.—Advertisement.

## Mellon Tax Bill To Be Reported To The House Without Material Change

WASHINGTON, February 1.—(By The A. P.)—The Mellon tax bill will be reported to the house with no material change.

This was assured today when the committee on the house ways and means committee approved the surtax and income tax schedules recommended by the treasury. Despite division on surtax, they have agreed to stand together in support of the bill's essential provisions in the face of Democratic opposition in committee.

The surtax rates, the bone of contention between the Democrats and Republicans, and among the Republicans themselves came to a vote after majority members of the committee had discussed the whole situation with the Republican steering committee.

Meeting alone, later, they first rejected by a dozen to three vote a proposal to make the maximum surtax rate 32 per cent instead of 25 per cent on incomes in excess of \$100,000, as suggested by Mr. Mellon.

By the same vote the Mellon schedule was approved.

Chairman Green of Iowa, and Representatives Timberlake of Colorado, and McLaughlin of Michigan, are understood to have cast the three negative votes. The eleven who voted in the negative are said to have been Representatives Hawley, Oregon; Thayer, Mass.; Young, North Dakota; Tillam, Conn.; Buchanan, New Jersey; Hinds, Washington; Watson, Pa.; Mills, New York; Kearns, Ohio; Chidwell, Illinois; and Crowder, New York.

Insurance Not Present  
Frear, Wisconsin, insistent out of sympathy with the treasury's surtax recommendations, was not present.

Will Start Fight  
Report of the Mellon bill to the house undoubtedly will precipitate an extended floor fight in which amendments under the modified rules will be in order against all of the rates.

Representative Longworth of Ohio, Republican floor leader, who previously had urged a compromise on the surtax in committee and who conferred with the majority members just prior to their action, said he had reached the conclusion that it was probably best to report the rates proposed by Secretary Mellon and had so informed them today.

While Republicans in committee are pledged to support the Mellon bill, they agreed upon today, they are free to support other provisions when the bill is taken up in the house.

Representative Garner of Texas, author of the Democratic tax plan, has declared his party would vote as a unit to amend the bill in accordance with the rates he proposed.

Republican insurgents, who polled 17 votes consistently against Speaker Gillett in the organization fight, also have declared they will not support the Mellon rates.

Mr. Longworth said it was unlikely that a Republican conference would be called to discuss the tax bill before it reached the house, pointing out that members of the party could not be bound by a majority vote in such a conference to support the measure.

Only Important Changes  
Acceptance of the Mellon income rates will place the treasury bill before the house with only the following changes of importance:

Rejection of the proposed joint tax on community property; limitation of the reductions for earned incomes; restriction of the repeal of taxes on these admissions; modification of the proposed board of tax appeals; and special reductions in taxes to apply on those payable this year.

The proposal to reduce taxes payable this year, which was approved yesterday by Republicans of the committee on motion of Chairman Green, was supported today by Secretary Mellon, who said the estimated loss to the government of about \$200,000,000 from a flat reduction of 25 per cent on all income taxes of 1923 could be met. The plan, he said, was feasible and practicable.

### Four Remedies For Cities Ailments

TOLEDO, Feb. 1.—(By The A. P.)—Four specific remedies for relieving the financial shortages of Ohio cities were suggested at a conference of city law directors of Northwestern Ohio here today with Law Director Frank M. Dotson, chairman of the state organization of city law directors.

The recommendations include calling the state legislature into session to enact legislation permitting municipalities to issue deficiency bonds for one year; to change the law requiring a two-thirds vote for approval of bond issues to a majority vote; to enact a measure providing that municipalities can submit special tax levies for operating expenses to the people; and to permit sinking fund charges for such incurred obligations to come outside the fifteen mill limit.

Would Rescue All  
It was the consensus of the meeting that if these plans are adopted that it will put practically all of the Ohio municipalities on their feet financially. It was said that many of the cities are in a precarious condition financially. Director Dotson said that the results of the meeting will be reported to the state organization for consideration. Similar district organizations are to be held throughout the state.

### GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble Caused by Fermenting Food and Acid Indigestion

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by nervous stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisulphate of Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloated right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisulphate of Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

**DEAR DOLLY:**—Will you please tell us who has possession of Jerusalem at the present time?

**THE V. B. JUNIORS**  
Jerusalem is the capital of Palestine, the Holy Land lying between the Mediterranean Sea and the River Jordan. Palestine was conquered during the World War by British troops under General Allenby. Jerusalem being surrendered December 9, 1917. Jerusalem had been in Moslem hands since 1214, had been conquered and reconquered in the rule of the Turk since 1517. It remained under British Military Administration until July 1, 1920 when Sir Herbert L. Samuel was appointed High Commissioner and a civil government set up. The announced policy of Great Britain is to accord equal treatment to the people and to provide a national home for the Jews, permitting them to return to Palestine only as the development of that country guarantees the normal absorption of immigrants for rising industries and reclaimed agricultural lands. There were about 60 colonies in 1921 with about 17,000 colonists living on 103,000 acres, about 10 per cent of the cultivated area. Jews maintain an agricultural exper-

**DEAR DOLLY:**—What can be done with a person who opens another person's mail? I lost a letter on the street that was still sealed and the person who found it opened it and brought it back and put it in the mail box with "Opened by mistake" written on the envelope. Dolly why should the finder have opened this letter? He could have seen that my name was on the outside of the envelope.

**TIMES READER**  
If the letter was opened by mistake, that settles it, and there is nothing to be done about it. Such things happen and people who open a letter by mistake very seldom read it after they have discovered their mistake. Other people's letters do not interest me and I am sure the person who found your letter was not interested enough in your affairs to read the letter. Fortunately letters are usually written so that no one but the recipient can understand them anyway, so why worry about others reading them?

A reader has sent a pair of No. 3 baby shoes to this department to be given to some needy baby. The owner of the shoes has outgrown them and the first bare-foot baby who appears on the scene may have them.

I would like to get in touch with some one who has motored to Bluefield, W. Va., about the condition of the roads and the route there.

**MARRIED 'LADY**—Like Postum, there's probably a reason for your being thin now, but if you will stop worrying about how to get fat, you may get as plump as a butter ball within the next few years.

**DEAR DOLLY:**—Please tell me the average amount of rainfall around here in a year. Please answer right away.—School Girl.

I don't keep a record of the rainfall and I don't know of anyone who does, except Dr. Harry A. Schirmer. If you will call there, he may be able to give you this information. The average annual rainfall for the whole state was 38.59 inches.

## ADVENTURES OF THE TWINS

by Olive Roberts Barton

I live far away from the city.

"Here comes the Riddle Lady," cried Humphry Dumpty. "Make way everybody!"

Nancy and Nick waved their handkerchiefs and Little Boy Blue blew his horn in greeting.

"How do you do, everybody," called the Riddle Lady cheerily as she stepped out of her coach. "As the riddle today is long, I'll begin at once so you will have more time to guess. Boy Blue, I have an idea that you may get the prize. Now think hard!" And she began:

"I live far away from the city, The country's the place for me. So please do not think it's a pity, For I'm happy as happy can be. (I laugh and I laugh at the cute little pigs, And their wee funny tails like whirly-gigs.)

"I'm really a very hard worker, Though I may seem lazy to you, But I'm not a bit of a shirker, There's so very much work to do. (I chuckle and laugh when the ducks go 'quack,' And wiggle their tails so funny in back.)

"My shoulders are broad and lusty, I carry just tons of hay, And to show you that I am trusty, I have bushels of oats stored away. (Did you ever see a brand-new little calf They're the funniest things, they

## JACK DAW'S ADVENTURES — THE CAVE OF THE WINDS

"Well," said Jack, "I guess you must do a lot of good. Is there anything else that you can show me?" "Sorry," replied South Wind, "but I will have to leave you now, for it is time for me to make my rounds and blow screen doors, that little boys have left open, shut again."

And in an instant South Wind was gone. Jack was very surprised as the old fellow went right out of the tower window and into space. "Guess we had better go back into the cave proper," said Jack to Tim. So they climbed down again. Then another voice whispered, "Why don't you come with me?"

By this time Jack felt that all of the winds were friendly to him so he replied "I'd be glad to go with you if I could only find you." "Here I am," said the voice, and Jack glanced through an opening and saw another fluffy fellow beckoning to him. It was Mister West Wind. (Continued.)

## PLANNING CORRAL FOR PRESERVE

Frank D. Voorhees, Supervisor of the Roosevelt Game Preserve, went to Columbus yesterday to confer with state officials in regard to purchase of land for erecting a large corral on the Preserve for holding elk and other animals with which the tract is being stocked.

Before leaving, he obtained estimates on the fencing from the Portsmouth Works, Wheeling Steel Corporation.

An enclosure of 200 acres of ground is considered necessary to hold the

herd of elk being brought here, until they become accustomed to the place. The preserve will also recommend that a permanent game sanctuary of about 5,000 acres be set aside in the heart of the preserve, within which a rest and breeding ground will be preserved after the remainder is opened for public shooting. A single strand of wire will be enough to mark off the limits of this ground, however, within the requirements of the law governing the establishment.

## Auto Skids Off Road; Three Are Hurt

Three persons, Mrs. R. P. Sells, of Harrisonville, and son, Arthur, and daughter, Mrs. Elmer Moritz, were only slightly hurt, Thursday afternoon, when the automobile in which they were riding skidded off the road and turned over after plunging down a steep embankment. The party was enroute to Portsmouth and the accident occurred on the Munn's Run pike, in front of the Elmer Moritz grocery.

Arthur Sells was driving and he claimed that the mishap was caused by the machine skidding when he applied the brakes to slow down.

Mrs. Sells suffered from shock and for a short time was unconscious, while the others escaped with minor cuts and bruises. The car was not badly damaged.

## Slow Down In New Boston Warn Alert Speed Cops

New Boston speed cops are enforcing the speed laws in the village and sound their sirens that all motorists should watch their speed in driving through New Boston.

Only the provisions of the state law are being enforced, or a limit of 25 miles in the residential districts, which is a leeway of ten miles over the New Boston speed ordinance, and in the business districts only a 20 mile limit is enforced, according to the chief, who points out, however, that 20 doesn't mean 23 or 24 in the opinion of his traffic officers. He offers as proof the following arrests yesterday, which were followed by fines of \$10.00 assessed by Mayor V. R. Bierley: Milford Spencer, Marshal Logan, Russell Shoemaker, Jas. E. Hannah, and William Johnson.

During the month of January, the chief points out, fining of those arrested has resulted 56 times on speed charges out of 65 arrests made.

## WAKE UP FRESH AND VIGOROUS AFTER USING VEGETABLE SYRUP

There are lots of people here who are neither very well nor very sick, but who never really feel their best at this time of the year. And the trouble, in the majority of cases, is due to the sluggishness of one vital organ.

This organ is your liver! When working properly it aids digestion, prevents constipation and purifies your blood. When it is clogged up with impurities, it cannot do these three things until it is properly cleansed and toned. Consequently you often wake up mornings feeling dull and tired, tongue coated, complexion sallow, digestion poor—often constipated, nervous and upset. You catch cold easily and your system is too run-down to throw off these ailments. You continue to feel badly until your liver has been properly cleansed and toned.

Get quick relief! Take just a spoonful of Dr. Thacher's Liver & Blood Syrup after the next few meals. Notice the quick difference in the way you look, eat, sleep and feel. This vegetable syrup contains only ingredients that are known to the medical profession for their corrective and healthbuilding properties. It is pleasant to take, and you will be completely satisfied; otherwise druggists will return the small cost.

Dr. Thacher's Liver & Blood Syrup is sold and recommended by Fisher & Streich and The Service Drug Company in Portsmouth and leading druggists in every city and town.—Advertisement.

## FUGITIVE HAS FLED TO OHIO

MT. STERLING, KY., Feb. 1.—Fears are entertained in Rowan County that Melvin Smedley, wanted at Morehead in the murder of App Perry, special bailiff of the Circuit Court, two weeks ago, from ambush, has escaped to Ohio.

The Sheriff at Flemingsburg was notified that Smedley was at Grange City, and he went to the scene, where he was joined by parties from Rowan county. Search revealed that Smedley had left. An automobile driven by a stranger, had come from Bath and four men got into the car, which was traced to Mayeville, where it had crossed the river at Aberdeen.

The authorities believe that Andy Hicks, Clay Crawford, Robert Riddell and a man of the name of Crain, all wanted in Rowan in prohibition law violations, were with Smedley in the car. The sheriff and deputies are searching every section of Rowan county for moonshine stills.

## Lightweight Mat Champ To Appear At Eastland

"Irish" Horan, lightweight wrestler, world champion and movie star, who is now touring the country in vaudeville pending the fulfillment of a new contract to appear in a picture late in the spring, has been signed by the management of the Eastland Theatre, to present his act there Feb. 8 and 9. In addition to his regular routine, Horan like all movie men, is on the lookout for new material and hopes to find some here.

At the conclusion of his vaudeville tour and movie contracts, he plans to enter active training for his forewrestling bout on July 4, when for the last time he will defend his title and if victorious will retire with the Police Gazette Belt for all time. He plans on making Portsmouth his headquarters for training.

# What To Do For Frail, Feeble, Old People

"When age begins to thin the blood all the vital functions slow down and impair the health. In such cases," says Dr. Emil Sauer, "I know of nothing better than true organic iron."

"What old people need most, is something to put back the iron in their blood. Without iron nothing you eat does you any good. Your food merely passes through you. It is the iron in your blood that enables you to get the nourishment out of your food."

"For old people who feel their former strength slipping away, I always prescribe

## SENSATIONAL CHARGES AGAINST BOTH SIDES IN PASTOR'S TRIAL

CHICAGO, Feb. 1.—(By the A. P.) for the first time tomorrow to take depositions. Rev. Mr. Case characterized the accusations as "a cheap trick" and made a denial of them just as he denied charges of misconduct which Mrs. Charles Leland, a parishioner, as co-respondent in his action for divorce, left churches in Brooklyn and Buffalo when faced by similar accusations and that Leland himself was engaged to marry his stenographer when he started divorce proceedings. Leland made before Judge Charles M. Foell today.

As a result of the charges and counter charges Judge Foell continued the case until February 10, and declared "the door is wide open to testimony as far as the court is concerned. Let's have all the evidence." It had been expected that closing arguments would be made in the case and a decision handed down today.

William R. Moss, attorney for Mrs. Leland, made the charges against the minister and announced he will leave

## NEGRO PAYS PENALTY FOR MURDER IN CHAIR

COLUMBUS, O., February 1.—(By The A. P.)—John Nelson, 28, negro, who shot and killed a white woman, was electrocuted at the Ohio penitentiary today. He was pronounced dead at 12:08 a. m.

For an hour previous to his death Nelson sat in the death cell slugging himself and praying with pious hymns. T. O. Reed, who accompanied him to the electric chair, said he entered the death chamber at 12:04 a. m. He appeared calm. As the death mask was being adjusted over his face he muttered several sentences, probably a prayer, which those present were unable to understand.

But one application of the current was necessary to produce death. Nelson, convicted of the murder of his wife, Ida, stabbed to death July 22, 1923, calmly awaited his end in the death chamber at the institution after having eaten a hearty chicken dinner.

"I can hardly wait until tonight—I want to know about my future!" was his repeated exclamation today, revealing a state of mind decidedly unusual, according to Warden P. E. Thomas.

The state board of clemency today heard the appeal of Nelson's counsel for a stay of execution, but

recommended to Governor Donahay that no mercy be shown.

Nelson entered his wife's room through a window when she refused to admit him and stabbed her to death. They had been separated for several months.

### Second Set Of Twins Arrives At Home Of Youthful Ohio Couple

TOLEDO, O., Feb. 1.—(By The A. P.)—The second set of twins came to Mr. and Mrs. Clarence Sams yesterday.

Mrs. Sams is only 19 years old, and her husband is 24.

The boy and girl who have just entered the family have two brothers a year old, Howard and Harold, and a sister, Dorothy May, two years old.

Mrs. Sams was married when she was 19 years old.

### Newspaper Week To Be Observed In Columbus

COLUMBUS, O., February 1.—(By The Associated Press)—Representatives of Ohio's newspapers, dailies, weeklies and semi-weeklies, will gather here Tuesday for the second annual Ohio "Newspaper Week," to talk shop and listen to experts in newspaper management.

The "Week," which will continue through Friday, will have three high points: An exhibit of Ohio newspapers, during which prizes will be awarded for makeup, news treatment, and the like; the annual meeting of the Associated Ohio Dailies, February 6-8, and the annual meeting of the Buckeye Press Association, February 7-8.

"Newspaper Week" was inaugurated last year, through the efforts of the journalism department at Ohio State University, and the agricultural extension department of the University. Arrangements were made for the holding of the annual gatherings of the two newspaper organizations simultaneously.

The Associated Ohio Dailies meeting will open at 1 p. m. on Tuesday with introductory remarks by the President, R. O. Snyder, of the Norwalk Reflector-Herald. Well known men in the newspaper business, and others who will address the organization during its three-day meeting will include Malcolm Jennings, of Columbus, intimate friend of the late President Harding, who will read a memorial to him; Prof. Bristol Adams, of Cornell University; Grover Patterson, of the Toledo Blade; Edgar T. Cutler, Chicago, superintendent of the Central Division of The Associated Press; Robert S. Hinckley, vice chairman of the committee of public relations of the eastern railroads, and others.

Ohio editors and newspaper men on the program will include: Alfred Haswell, of the Bowling Green Sentinel-Tribune; Roscoe Carle, of the Western Times; S. Carlyle Adams, of the Canton News; W. T. Johnson, of the Johnson-Gilbert Co., Findlay; Cecil B. Finckel, president of the Columbus Advertising Club; Roy Moore, of the Marion Star; Frank B. Paul, of the Middletown Journal; A. A. Hoopfinger, of the Dover Reporter.

Former United States Senator Alton Pomeroy will speak at the annual dinner Wednesday evening. Mr. Cutler's address also will come at that time. Harry Hershfield, creator of "Abbie Kahibbie," also is on the banquet program.

The Buckeye Press Association's twenty-eighth annual meeting will get under way at 1 p. m. Thursday in Townsend Hall at the University. Lester O. Getz, of the University Journalism Department; Russell Lord, of the Journalism and Agricultural Extension Departments, and Prof. Adams will be on the program for that session.

At the annual banquet that evening, Thurman Miller, of the Wilmington News-Journal, will be one of the featured speakers. He will talk on "Giving the Reader the Worth of His Money."

Friday morning and afternoon will be devoted entirely to shop talk.

### Three Perish When Traction Hits Auto

ST. MARVS, O., Feb. 1.—(By The A. P.)—Three persons, a man, woman and a child, were killed by a traction car, five miles south of here today, when a Western Ohio interurban car struck an automobile in which four persons were riding. The dead:

Mrs. Flora Noel, 65, Montezuma, O.; Ralph Noel, 40, her son; Frances Grubb, 10, her granddaughter.

Lucile Noel, 23, was seriously injured in the crash and V. E. Kelley, 14, motorman on the interurban, was injured about the eyes by flying glass.

The automobile was demolished. A dense fog was said to have obscured the vision of the motorman and occupants of the automobile.

Other flours may be lower in price, but St. Nicholas is always worth the difference. Advertisement of

### Get New Auto Tag Or Be Pinched, Is Official Warning

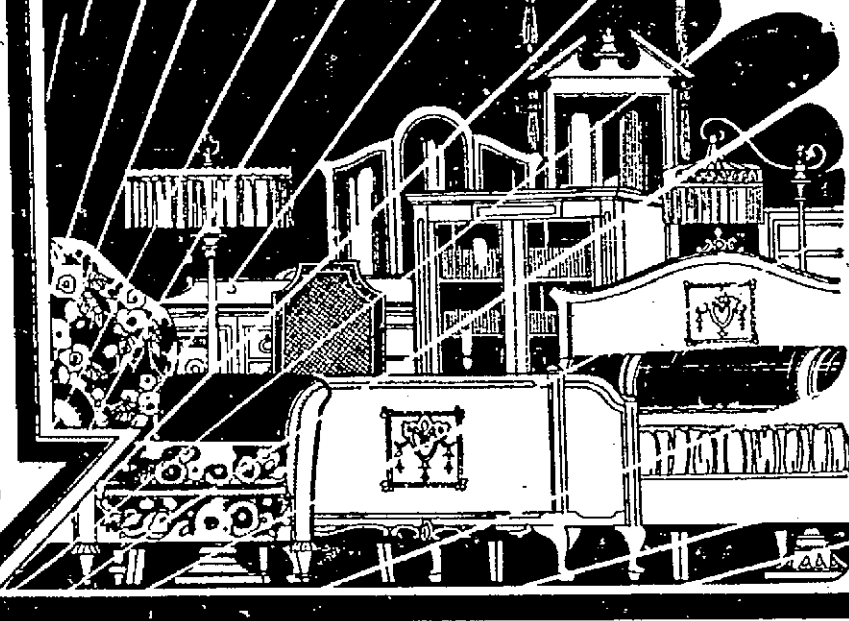

COLUMBUS, O., Feb. 1.—(By The A. P.)—Secretary of State Thad H. Brown today gave public notice to all automobilists that tomorrow is the last day they will be permitted to operate with a 1923 license, that they will be subject to arrest if operating with last year's license after tomorrow. The order applies to all automobiles excepting trucks of more than 25 horsepower, license fees collection on which has been restrained by the Franklin county courts.

### Speed Is What Mr. Frick Is Urging On Proposed New Crossings In City

Calling attention to the necessity of getting legislation through Congress early for contemplated overhead or underground crossings to eliminate grade crossings in the city, Manager Adam Frick of the Chamber of Commerce has sent the following letter to Mayor Ralph Callvert:

"Bringing to mind our recent conversation which refers to grade crossings, suggests that it might be best not to overlook giving study thereto, and arrange for legislation

necessary to take care of the city's proportion following engineering data subsequent to arranging with the N. & W. B. & O. and Street Railway, your co-related interests, which share in the construction or installation in agreement on the type of service to be adopted in vacating the surface crossings necessary to the access of each section of the city, without interruption.

"It has always been advisable to do all this preliminary work during the season of year which does not permit of outdoor work. If this is done during the winter months, construction can be initiated in the early days of spring.

# DISTRICT C. E. CONVENTION NAMES OFFICERS

## Interesting Sessions Being Held At The Second Church

Closer organization which tends to make more effective the work of the Christian Endeavor in bringing young people, boys and girls, to a fuller understanding of God's word and the principles of the Christian religion is being stressed at the southern Ohio district C. E. convention in session at Second Presbyterian church, where the big meeting opened last night with more than 200 present. The convention comes to a close with a public meeting tonight, which follows two sessions, this morning and afternoon, of spiritual conferences, wherein every phase of C. E. work was thoroughly discussed by able leaders in the different branches of the work.

When officers were elected for the district organization late this afternoon, John A. Lloyd of the Second Presbyterian church, Portsmouth, was chosen president; Miss Ruth Wood, Jackson, vice-president; Lloyd L. Craden, First Christian church, Portsmouth, secretary, and Miss Willie Nell Harold, Seaman, treasurer. Representatives elected were Miss Emma Zeck, Lawrence county; Carl Hobbs, Ross county; Robert Holbrook, Scioto county; Mary Nease, Adams county; Oral McClain, Jackson county; and Miss Della O'Connor, Clinton county. Rev. J. Chester White was chairman of the committee on nominations and the committee's selections were approved by the convention.

Portsmouth and the Portsmouth C. E. Union is significantly honored in being chosen to entertain this district convention, the second of its kind held in the United States and the first in this section of the country. The first district C. E. convention was held in California. Success of the southern Ohio district convention where eleven counties are represented is expected to result in the holding of more district meetings not only in this state but other states where Christian Endeavor is progressing.

Following a four-course banquet session in the social parlor of the Second Presbyterian church tonight at 8 o'clock the closing session of the convention will begin at 7:30 with a song service. The main address will be given by Rev. J. Chester White, pastor of the church, who is general secretary of the Ohio C. E. Union, with headquarters in Columbus. Rev. Farmer is from Steubenville and is recognized as an able and working young people. He is a "Quiet Hour" expert and is expected to have an interesting address for the closing number of the convention program.

"Locked up in the hearts of boys and of girls is the future of our church and our nation. No estimate can be placed upon the value of a boy or girl." This statement coming from Miss Caroline Boyer, Junior Field Secretary of the Ohio C. E. Union, was one of the outstanding features of the opening session Thursday night when the crowd exceeded all expectations and made it necessary to open class rooms adjoining the Sunday School assembly room, where the meeting is being held.

Friday Morning Session  
This morning when the second session of the convention started at 8:30 o'clock, Rev. J. Chester White of Jackson conducted a Quiet Hour session for a half hour, after which the delegates broke up into various groups or classes to consider special subjects in which they were interested.

The Junior Work group was addressed by Miss Boyer, while James DeForest Murch of Cincinnati, editor of a widely read church paper, addressed the class interested in prayer meeting methods. Lookout Committee methods were discussed by Rev. J. Chester White, while Rev. Farmer discussed Life Work Problems. Mr. Freest spoke on Social Committee methods and activities.

Following the twenty minute class sessions all gathered for a general conference presided over by Mr. Freest. Problems brought out at the taken up and discussed by all. Following this another twenty minute session was given over to class meetings with the same leaders in charge. Assembly for general conference at 11:20. Walter E. Strong of Cincinnati spoke on the coming Ohio State C. E. convention to be held in Cincinnati, June 24-27. This afternoon after a short devotional service the class sessions were again held with the same leaders in charge at 2:30 and 4:30. The program of work for the coming year was outlined after which the election of officers for a district organization was held.

Tonight the officers will be installed by Mr. Murch after the usual half hour song service.

The opening session Thursday night started with a talk from the song and praise service with Rev. J. Chester White, president at the piano and Mr. Freest, directing the vocal activities. Rev. W. H. Giesler of the First Presbyterian church, this city, conducted the devotionals, after which he delivered a short address in which he urged the young people to "keep Christ ever before them."

"Herein" the minister said, "lies the secret of the Christian life. Keep close to Christ always, you will find Him ever at your right hand, willing and able to help, to serve and to save and willing to keep you from falling. Keep close to Christ."

An address of welcome followed the devotionals, and Miss Ruth Wood of Jackson gave the response. Miss Wood proved herself a charming speaker, with a personality most pleasing, and she paid splendid tribute to Portsmouth and its hospitality.

Miss Bertha Blood, Portsmouth soprano, sang beautifully a gospel solo, accompanied by Mr. White.

Miss Caroline Boyer, Junior Field Secretary of the Ohio Christian Endeavor Union, delivered a splendid address on the possibility of boys and girls.

In part she said:  
"Future presidents roam about among us the statesmen of the coming year. We cannot afford to overlook these possibilities. We cannot afford to underestimate them, either. They are worthy of the best the church can offer in the way of leadership. Are we giving them that?"

President Murch speaks  
Closing the session, Rev. James De Forest Murch of Cincinnati, president of the Ohio Christian Endeavor Union and editor of a widely read church paper, delivered a splendid address.

Dr. Murch stressed the importance of wholehearted service on the part of the young people of the church, and urged consecration for cleaner lives and nobler service.

Dr. Murch is a compelling speaker, who drives home his points in no uncertain manner. His address of last night was one long to be remembered by every one of the big audience.

Robert Holbrook, president of the Portsmouth C. E. Union, presided at last night's session, and proved an affable and delightful chairman.

## Saw Struggle That Led To Murder

CINCINNATI, O., February 1.—(By the Associated Press)—Halton F. Siddall, of Equality, Ill., Ohio Dental College student, charged with the murder of his classmate John A. Mazzola, son of a wealthy Panama merchant, will be given a preliminary hearing today.

A witness to the struggle that preceded the slaying of the young Central American, appeared at the coroner's office late yesterday in the person of Joseph A. Grose, of Norwood. Grose stated he was driving toward his home when he saw two men struggling in the roadway near a small closed automobile. Hearing no outcry, Grose said, he suspected the two might be bandits, and continued on his way. Siddall, in his confession to the police, insisted that the entire struggle between him and Mazzola took place inside the automobile.

The prisoner was steadfast in his refusal to reveal the name of the young woman against whom he said Mazzola directed disparaging remarks which precipitated a quarrel that culminated when Siddall shot and killed Mazzola and threw his body into a creek, according to his confession.

Mazzola's body was found early Wednesday, a bullet wound in the back of the head and neck and head covered with stab wounds. When arrested twelve hours later, Siddall made a signed confession in which he declared he shot Mazzola after the latter had attacked him with a stiletto.

## POOR LIGHTING CAUSE OF CHURCH DROWSINESS

CLEVELAND, O., February 1.—(By the United Press)—When a minister looks down into the congregation from the pulpit and notices that about half his listeners have fallen asleep, he usually forms the opinion that his sermon is dull and uninteresting. But that isn't always the case, says Prof. M. Lukiesh, illumination expert. It's poor illumination in a church which brings on drowsiness during the sermon, says the professor. "This drowsiness would be unknown if churches were lighted brighter to keep the congregation alert and attentive," says Prof. Lukiesh.

## 7 PRISONERS WHO ESCAPE FROM JAIL HUNTED BY POSSE

GALLIPOLIS, O., Feb. 1.—(By the A. P.)—Seven prisoners who saved their way out of the Port Pleasant, W. Va., jail Wednesday night or Thursday are still at large today. Sheriff Lewis and a posse of deputy sheriffs scoured the country-side today in search for the jail breakers. Attempts were made to have bloodhounds pick up the trail.

The Gallipolis, West Virginia, postoffice was robbed during the night and mail sacks were strewn along the Baltimore & Ohio Railroad tracks nearby, after having been rifled. Police expressed belief that the jail breakers robbed the postoffice and that they are now hiding out in the hills not far from here.

STEVENSVILLE, OHIO, Feb. 1.—Poses of officers and citizens of Hancock county, W. Va., with bloodhounds are searching the hills opposite this city, where it is believed a negro who was on the Rata, 9, and Mrs. Harry Wilson, 18, at Kings Creek, W. Va., today, is hiding.

## Fire Destroys Landmark in Catlettsburg

Another landmark of the pre-Volstead days passed into history when the historic Twin Saloon building, most famous of the long row of saloons on Front street, Catlettsburg, Kentucky, was completely destroyed by fire.

For two hours and a half, fire companies from Ashland, Kentucky and Catlettsburg fought the blaze which threatened to demolish the entire block between Davidson and Main streets. Erected over forty years ago by Captain William Smiley, the saloons were a well known rendezvous for thirsty liquor drinkers from three states. Since national prohibition the buildings had been used as soft drink parlors. The owners, I. M. Ash and Billings, estimate their loss at \$25,000.

## Says Brick Makers Need Machinery For Concrete Competition

CINCINNATI, Feb. 1.—(By the A. P.)—Brick makers will have to establish equipment to handle all their product by machinery in order to compete successfully with the manufacturers of concrete, R. O. Penfield, New York, declared today in an address delivered at the annual convention here of the National Brick Manufacturers' Association.

## Village Election Case Goes To Highest Court

COLUMBUS, O., Feb. 1.—(By the A. P.)—Herman L. Christensen of Rocky River today asked the state supreme court to oust E. P. Larsen as village councilman, claiming the seat for himself.

Last November, after being re-elected to council, William Hutchinson died and Christensen was appointed to serve Hutchinson's unexpired term. After January 1 the mayor refused to recognize Christensen as a councilman, he resigned, and had him ejected from the council chamber, Larsen being appointed in his stead.

Christensen claims that his appointment was not only for the unexpired first term of Hutchinson, but also for the new term to which Hutchinson had been elected.

## ANDERSON'S INCOME IS INVESTIGATED BY FEDERAL PROBES

NEW YORK, Feb. 1.—(By the A. P.)—Two representatives of the internal revenue department today examined account books of the Anti-Saloon League of New York showing the income of William H. Anderson, state superintendent of the league, who was convicted of third degree forgery. The books were inspected in the office of Assistant District Attorney Pecora, who was in charge of Anderson's prosecution.

Mr. Pecora said the internal revenue representatives would inspect the books again.

## FATHER AND SON DROWNED TRYING TO RESCUE CHILD

BRISTOL, CONN., Feb. 1.—(By the A. P.)—A father and son were drowned Thursday in a vain attempt to rescue a seven-year-old girl from a pond here. The girl's father and another man were rescued when they fell through the ice in an attempt to pull the girl to safety.

Those drowned were George Bradley, 65, and his son Harry, 30 of Plainfield and Helen Doldaga, of Morrisville.

## Dreadful Sideache

Mrs. George S. Hunter, of Columbus, Ga., took mother's advice and now is enjoying good health again, as her picture would suggest. In telling a friend recently about her experience with Cardui, Mrs. Hunter said:

"After I married, thirteen months ago, I suffered dreadful pains in my sides. My sides hurt so bad it nearly killed me. I had to go to bed and stay sometimes two weeks at a time. I could not work, and I just dragged around the house. My... were irregular and I got very thin. I went from 125 down to less than 100 pounds.

"My mother had long been a user of Cardui and she knew what a good medicine it was for this trouble, so she told me to get some and take it. Before I had taken the first bottle I began to improve; my side hurt less and I began to mend in health. I took the second bottle and felt much better. I followed this by two more bottles. The Cardui acted as a fine tonic, and I do not feel like the same person. I am so much better. I am well now. I have gained ten pounds and am still gaining. My sides do not trouble me at all and my... are quite regular.

"I wish that every suffering woman knew about Cardui, for it helped me so much I know that it will help others suffering from the same trouble."

There is only one genuine CARDUI, the Woman's Tonic. See that you get it. At all druggists.

## Enraged Farmer Kills Four In Quarrel Over Daughter

KLOTEN, N. D., Feb. 1.—(By the A. P.)—Thornton Larsen, farmer of near Edinburg, North Dakota, yesterday, shot and killed his estranged wife, her two sisters, and his brother in law, on the S. S. Quanbeck farm near here, escaping on horseback with his four year old daughter, the alleged cause of the shooting. Later, he was arrested at his father's farm near Edinburg, where he was disarmed by members of the family.

The shooting occurred this afternoon when Larsen went to the Quanbeck farm some miles southwest of the home of his wife's family, where she had taken refuge after leaving him two weeks ago, to demand possession of their daughter, Thelma, aged 4.

His wife's sister, Helen, was shot and killed when she attempted to prevent him from taking the child. Mrs. Nellie Larsen, 32, his wife, was also killed in attempting to

keep possession of the child. The second sister, Emma, 27, was killed while telephoning for help to her brother in law, Olaf Arneson, who was met at the door by Larsen, who shot him, killing him instantly.

Tries To Burn Bodies  
Larsen then, poured kerosene over all four bodies and set fire to them and to the house. He then seized the little girl and escaped on Arneson's horse.

An old man, Thor Knutsen, was asleep upstairs in the house at the time of the shooting.

The first shot, woke him up and he went down stairs just in time to see Larsen shoot his wife and her second sister. A hired man and a neighbor extinguished the flames after the bodies had been partly burned.

Larsen went to the home of his father, Singer Larsen, three miles from the Quanbeck farm where he was disarmed by members of his family. He offered no resistance. He was turned over to a posse and was taken to McVillie.

## Republican Secretary Upholds Coolidge; Scores The Democrats

WASHINGTON, February 1.—(By the A. P.)—Replying to the recent statement of Democratic National Chairman Hull on the naval oil disclosures, George B. Lockwood, secretary of the Republican national committee, upheld the course of President Coolidge in a statement published today in the National Republican.

At the same time Mr. Lockwood attacked the record of the Wilson administration. In its conduct of the war and revealed at length the disclosures before the congressional committees that investigated war expenditures.

"Chairman Hull, said the statement, 'has issued a pronouncement in which he attempts to give the color of partisan politics to the disclosures in the Fall case. Secretary Fall is a Republican, it is true, he is a former member of the Harding administration.'

Doherty A Democrat  
"Mr. Doherty is one of the nation's

most distinguished Democrats. He was a member of the platform committee of the last Democratic national convention; he made a speech in the convention; his name was placed before the convention for the vice presidential nomination by the California delegation.

"Mr. Doherty was the largest contributor to the Democratic national campaign fund in 1916; he gave generously, it is said, to the Democratic campaign fund of 1920. It was at Mr. Doherty's instance that the late Secretary of the Interior Lane had passed upon oil leases in which Mr. Doherty was interested under the Wilson administration, retired to accept employment with Mr. Doherty at a salary of \$50,000 a year.

Better Keep Mumm  
"The less said about partisan politics in this connection, perhaps, the better; it is not a matter of partisan politics, but of personal and official wrong doing for which no party can be held responsible unless it condones the crime and

"Piketon Belle" was the name of the only boat that ever navigated the Scioto river. The famous vessel was navigating the stream in 1859 in vain hopes of saving the county seat to Piketon, which was at that time being contested for by Waverly. The craft was built at Piketon, and its hull, when completed, was launched from a high point of land on the river's bank, just below the eastern approach to the bridge, near where stood the first steam saw mill ever built in the county. The boat was finished at Portsmouth and made two or three trips up and down the river under the command of Capt. Dick Kellison.

DATON, O.—Eight American army flyers have been selected for the round-the-world flight.

But that is only part of Uncle Sam's job.

The planes must be kept in shape, refueled and especially equipped for certain parts of the trip.

The little team of gasoline calls for 50,000 gallons of special "gas" to be distributed along the route.

Then there's the 11,500 gallons of lubricating oil.

There is the staff charged with financing, supplying, routing, feeding, repairing etc. Left to right they are: Lieutenant Clayton L. Bissell, Street.

Lieutenant Elmer E. Allen, Captain W. F. Valachi, Lieutenant Eric Nelson, telephone officer who is one of the flyers; Colonel J. E. Fisher, Major W. G. Kilmer; Lieutenant J. J. Brown and Lieutenant St. Clair.

Costs for drunkenness and Anna Young, negro, was taxed the same amount for a similar offense.

Robert Ashley, 15, who admitted from Florida "Capers" of the case of Russell, charged with speeding, was confined until Monday.

## Convicted Gunmen Kipnap Warden And Escape From Pen

LITTLE ROCK, Ark., February 1.—(By the United Press)—Three gunmen and murderers awaiting execution at the state penitentiary here escaped today.

They overpowered and kidnapped Warden Hump Mardis and hid in his auto. The warden entered the death cell to talk to the prisoners. Henry Connell, Joe Sullivan and Duke Giffman and the three attacked him. They were armed with revolvers and shotguns which had been smuggled into the prison. They knocked the warden into his auto and made their escape past the prison guards. The warden was found in the auto which prisoners had abandoned about five miles from the penitentiary. The fugitives left the warden's auto for a powerful motor car which was waiting for them. It was the fourth attempt of the men to escape since they were found guilty of slaying an officer here a year ago.

### Newspaper Order Effective

Local postoffice officials have received orders from Postmaster General New that newspapers are to be accorded the same treatment in the mails as letters and other first class matter. The order is already effective. Newspapers are to be made up in separate stacks, labeled "newspapers" and are not to be mixed with parcels post matter.

Charles James, of Columbus, secretary of the Ohio Good Roads Federation, was in the city Friday and arranged for a good roads meeting to be held in the common pleas court room at the local court house Wednesday, February 29, when three speakers will be here to go into detail on good roads matters in the county and state.

# President Coolidge And Congressman Kearns Endorsed At Congressional Meeting Held Here

## Delegates Appointed By Various County Committees Agree On Various Candidacies

The representatives from the six counties in the Sixth Congressional district met at the Hotel Washington Friday morning to hold a conference relative to the delegates and alternates to the Republican National Convention to be held in Cleveland in June. The meeting was presided over by Col. D. Q. Morrow of Hillsboro, the state central committee member from this district, the secretary being W. T. S. Jones of Waverly.

A committee was appointed to recommend the delegates and other representatives, and the committee from the various counties. Its report was as follows: Delegate, Hon. Henry T. Hannon, Portsmouth; Dr. Robert M. Andre, Waverly. The alternates were Ernest B. Sutter of Manchester and John C. Martin of Ripley, subject to the August primaries.

Col. D. Q. Morrow was endorsed for another term as state central committee member. The county was allotted the presidential elector, the person to be determined later. The committee also favored the endorsement of Congressman Chas. C. Kearns for re-nomination to Congress. The report was unanimously adopted.

**Adopt Resolutions**

The committee on resolutions submitted a report which was also adopted unanimously. It follows: Resolved by the Republicans of the Sixth Congressional district, in an organization meeting assembled in an organization meeting assembled, that we hereby express our sorrow over the loss of Ohio's beloved son, President Warren G. Harding.

However, we appreciate the fact that President Calvin C. Coolidge, his successor, has adopted and is carrying out his policies and meeting squarely and honestly all new questions of government, we heartily endorse his administration and pledge him our support for his nomination as the Republican candidate for re-nomination.

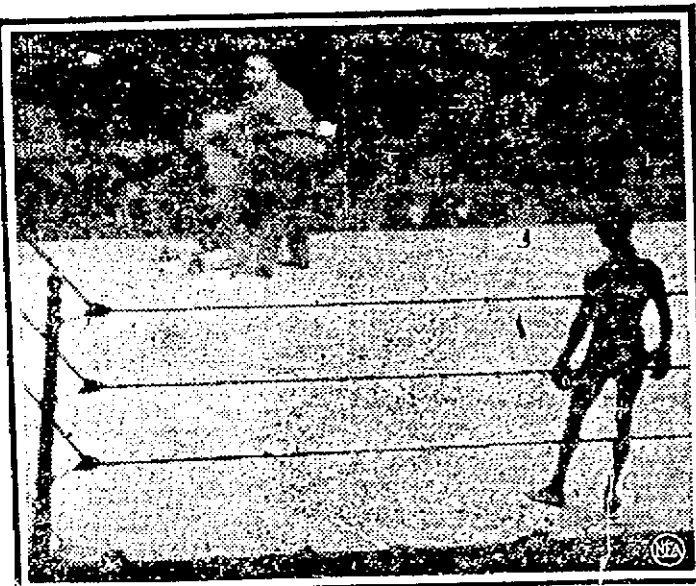

We also appreciate the efficient courageous and effective representations accorded us by the Honorable Harry A. Daugherty, attorney general, Honorable Frank B. Willis, and Honorable Simon D. Fess, senators from Ohio, and we pledge them our fealty and support.

Honorable Charles C. Kearns, congressman from this Sixth Congressional district of Ohio, having proven himself the right man in the position and being mindful of his constituents and their interest, we feel that he is entitled to a recommendation at our hands to the Republicans of this district for re-nomination.

While the committees were formulating their reports a letter from Honorable Charles C. Kearns was read to the conference by Col. Morrow and was greeted with warm and continued applause.

The proceedings were entirely harmonious. It was stated, after the meeting and the conference was adjourned in a very high degree the wishes of its constituents within the district.

### Coming Champ?

Paul Berlenbach (standing) knocked out Frank Carbone at Madison Square Garden in the sixth round of their scheduled 12-round bout. Berlenbach is a light heavy weight sensation and his win over Carbone was his twenty-third consecutive victory.

## Office Boys Hoodwink Boss

LONDON, February 1.—(By the Associated Press)—England is interested in, if not always impressed by, American efficiency, but there is nothing but sympathy and praise for the committee of American efficiency experts, which has tackled the tough job of investigating the lives and habits of office boys.

That 12 per cent of them read cheap novels, four per cent sleep on their jobs, three per cent collect stamps, 17 per cent write their names scores of times daily, and seven per cent practice typewriting on forbidden machines, is not questioned.

However, the Daily Express thinks the finding of the American experts that 35 per cent of office boys are sufficiently clever in their actions to hide from their bosses what they are doing, is slightly wrong. The newspaper says this figure should have been put at 99 per cent.

**Funk Will Probated**

Under the terms of the will of John O. Funk, deceased, late of Valley township, admitted to probate Friday, he left to his grandson, Samuel Eugene Funk, the sum of \$1500 in trust to be paid him with accrued interest when he arrives at the age of 21 years; \$2,000 to his daughter, Mary Pearl Cook and the residue to his sister, Sarah C. Brant and brother, James M. Funk.

The will, which nominates Joseph H. Brant, of Lucasville, as executor, was executed by the decedent on January 3 last, a few days before his death.

**Divorce Suit Dismissed**

An application of plaintiff, Judge Thomas entered an order Friday dismissing the divorce suit of Dennis Burchett against Nellie Burchett. The court was advised that the couple have amicably adjusted their domestic difficulties.

**Case Settled; Dismissed**

Amicable settlement having been effected by the parties to the suit of Anderson and Johnson against Pittman, the case was dismissed Friday.

**Damage Suit Settled**

Settlement having been effected by the parties to the damage suit of Joseph J. Barren against the Norfolk and Western Railway company, an approved entry was filed in the office of the clerk of courts Friday.

**Domestic Heroines In Our Homes**

Women who lead a domestic life seem to listen to every call of duty excepting the supreme one that tells them to guard their health. As long as they can drag themselves around women continue to work. Necessity to keep on their feet all day, when over-tired, or sitting in cramped positions day in and day out often brings on ailments from which women suffer tortures. For fifty years Lydia E. Pinkham's Vegetable Compound has been strengthening women and overcoming such ailments. Sickness and pain vanish under its influence and thousands of women have been benefited by it.

The letters were in reply to communications sent them by Manager Frick urging their support on all such legislation.

## ENGINEER HALTS C. & O. TRAIN BEFORE IT HIT A BIG BOULDER

Passengers on C. & O. westbound train, due here Thursday afternoon from the East, were shaken up when the engineer suddenly applied the air and stopped the train before it struck a big boulder, which had tumbled down from the hillside and rested squarely between the tracks near Clifton Fork. When the train was halted the pilot of the engine was only a few feet away from the huge rock.

Gilbert Bauer private secretary to Congressman Kearns of this district, was a passenger on the train and says the call was too close for comfort.

## Curling Iron Snaps; Eye Burned

Miss Cecile Anderson of Snaps, who was curling her hair, when the curling iron which she was using broke from over-heating. The handle snapped with such force that the heat of iron burned against Miss Anderson's eyeball burning it seriously. Dr. George Brown was called to dress the injured optic.

## Woodrow Wilson

Continued From Page One

At first unrelated to the direct cause of Mr. Wilson's collapse in 1919, the digestive disorder had made such inroads on the strength of the patient that as to develop anew some of the old symptoms "that had succumbed to treatment and recurred" others that had eluded all the best medical attention and the tender care could do. It was these old symptoms that, as the day wore on, came to be the greatest source of worry to those at the bedside. There were rumors that a crisis might be expected before the day was over and that an operation might be necessary. To inquiries in this subject the attending physicians merely shook their heads as if to say:

"Who can tell?"

Mr. Wilson was 67 years old on his last birthday, December 23. It has been little over four years and four months since he collapsed on an special train in Colorado, after delivering forty speeches in a determined effort to stem the tide of sentiment that had risen so high against the League of Nations in the senate.

The news of his breakdown was given to the world when, on the next day, September 20, 1919, he was unable to leave his train to deliver a clear track at Wichita, Kan. After a clear track at the presidential special sped back to the Capital City and although he was able to walk out of the Union Station and wave his hat to a Sunday morning crowd that had gathered to see him come home, there was a grave development a few days later and he has been able only for short periods at a time to appear in public.

Never Again Left Capital

He never again has left Washington. From the special train it was announced by Dr. Grayson that the condition of the distinguished patient was due to overwork, following on the heels of an attack of influenza while the president was at the Paris peace conference in the early spring of 1919.

During his residence at the S Street home where he went directly after he had turned over the reins of the government to President Harding, he has received comparatively few visitors.

He has taken a keen interest in talking over old times and present tendencies with that little coterie of personal friends that have remained in his confidence during his confinement. First among these has been Dr. Grayson, with whom he had exchanged views almost daily on every subject that has come within his keen observation of what is taking place in the world outside.

Another with whom he often has taken counsel was Edmund M. Baruch, of New York, and Mr. Baruch today was the first besides the physicians to call and personally express to Mr. Wilson his hope for the former's recovery.

Condition Showed Improvement

Yesterday

Yesterday's condition showed some improvement and when he retired for the night it was hoped he might be on the road to recovery. He slept little, however, and his physician, Rear Admiral Cary T. Grayson, found toward morning alarming indications of a relapse.

"Mr. Wilson had a restless night and has lost strength," said Dr. Grayson after he had assessed minutely the changes of the past few hours. "During the night he took a sudden and decided turn for the worse. I regard his condition as very serious."

Dr. Grayson had spent the night at the Wilson home and with Mrs. Wilson was in constant attendance at the bedside. He had returned to the capital yesterday from a trip into North Carolina after word had reached him that the former president had developed symptoms of new character.

Appeared Part of Old Self

Outwardly the former president had appeared to be in large part his old self except for a deepening of the lines of his face and the lingering affliction of his left leg which prevented him from walking except with evident difficulty. He has gained in weight and at a distance has the appearance of having taken on a new robustness during his long months of semi-seclusion.

During the past few weeks, too, he has taken an increasing part in public affairs again. He has been very active in his exchange of letters with old friends and admirers over the country and many of his letters have been on topics of current political interest and have been published.

On Armistice Eve he delivered his first address by radio from his S Street home and it was such a militant utterance on foreign affairs that the country realized his illness had not modified the intensity of his old fighting spirit, whatever it might have done to his physical alertness.

He also received a group of admirers on Armistice Day and two weeks ago shook hands with members of the Democratic National Committee as they filed through his study.

Delicate Balance of Physical Strength

But those who knew the inside story of the years of solitude through which he has passed were aware of the delicate balance upon which his physical strength has rested and knew that he had tilted now this way and now that throughout the gallant fight of Dr. Grayson—not only his physician, but one of his closest personal friends—to avert a crisis. It was for this reason that every disorder, even of the most inconsequential character on its face, has been watched with the minutest care and not without misgivings.

The first symptoms of the latest attack developed early this week when Mr. Wilson became a prey to a digestive derangement, at first of a minor character, but developing quickly to a condition that once aroused the anxiety of the physicians.

Those who live in the vicinity of his home first guessed that something was amiss when the big automobile, presented as a birthday gift a month ago by anonymous friends, failed to draw up before the white portals of the trim brick house of S Street to take the former chief executive for his customary ride in the late afternoon.

On Wednesday Dr. Sterling Ruffin who helped attend Mr. Wilson in his hours at the White House, was summoned by Mrs. Wilson in the absence of Dr. Grayson. He made a careful examination and on Wednesday night gave the public his first real news of the trouble in a statement saying that a complication had developed but for the most part was not of proportions to warrant alarm. He added that the development was unrelated to the old trouble that had assailed the former president during his western speaking tour in 1919.

Dr. Grayson on his return to Washington yesterday confirmed that diagnosis and said he did not at that time regard the attack as serious unless it should fail to yield to treatment.

Became Worse During Night

The change during the night, however, manifested aroused grave fears in the minds of Dr. Grayson and Mrs. Wilson who has been the faithful attendant of her husband since the first symptoms of his collapse became manifest during the western trip four and a half years ago. Today she notified all the members of Mr. Wilson's family of his condition at the suggestion of Dr. Grayson. None of his three daughters are in Washington.

For a brief time this morning Dr. Grayson left the bedside of his patient and made a hurried trip to his own home. He did not take leave of the Wilson home even then, however, until he had summoned Dr. H. A. Fowler, a Washington specialist, who had treated Mr. Wilson previously, to remain on watch.

Dr. Grayson said the step was taken

as a precautionary measure.

News of the change for the worse spread rapidly throughout Washington as alarming rumors were disseminated over the whole country during the night by radio broadcasting stations. Early this morning before Dr. Grayson had issued his bulletin, messages of sympathy and encouragement began arriving by the thousands.

President Coolidge was one of those to convey his expression of regret. As soon as he reached his office the president learned of the serious condition of his predecessor in office and he immediately sent to Mr. Wilson a message for himself and Mrs. Coolidge expressing concern and hope of a speedy recovery.

## Girl's Body Found In Creek; Scent Foul Play

CANTON, O., February 1.—(By the Associated Press)—The body of pretty

Florence Mitzman, 21, missing two

days, was found at noon today in a

creek, a short distance from where she

resided. Relatives of the dead girl say

they feel certain she met foul play as

she had been stopped by men the night

before. Coroner T. H. Shorb has not

examined the body.

Weighted down by stones, the

body was found in two feet of

water in the east branch of the

Nimshullen Creek near Allen Avenue

at 11:30 o'clock this morning. She

had been missing since Wednesday

evening.

That the girl was murdered and

her body thrown into the creek is

indicated, police say, by marks on

the right side of her neck and the

fact that a large stone was found

in each leg of her bloomers.

Miss Mitzman was employed as

an operator at the Hemlock branch

of the Ohio Bell Telephone com-

pany. She came here five months

ago from Rochester, N. Y., where

her parents, Mr. and Mrs. John

Mitzman, reside.

Miss Mitzman had been followed

by two young men in an automobile

several nights before her disappearance

on Tuesday night, she told Mrs.

A. H. Lowe, a cousin, with whom

she made her home.

The girl disappeared Wednesday night after she left the Bell Telephone office where she was employed to go to her home. Other operators at the exchange told the police the girl had reported to them a week ago that she had been attacked by three men who attempted to force her into an auto while on her way home. She said she struggled and escaped. This is a sequel to the death of Miss Ruth Hunter, 18, whose body was found on a road near here, January 2, 1922.

## Favor Further Restriction On Immigration To U. S.

WASHINGTON, February 1.—(By the Associated Press)—A bill proposing

restriction of immigration to this coun-

try to two per cent of the foreign born

of each nation here in 1890 and permit-

ting virtual selection of the immigrants

at the port of embarkation was ordered

favorably reported to the house today

by the immigration committee.

## "Paper Bag" Bandit

CLEVELAND, O., February 1.—(By

the Associated Press)—Another "paper

bag" bandit, featuring new methods of

operation, made his appearance this

morning in a chain grocery store, hold-

ing up John Linder, store manager, and

walking calmly away with \$300, the en-

tire contents of the cash drawer, in his

paper bag. He displayed no armament

and said nothing.

MAY TAKE OVER SCHOOLS

MARYSVILLE, O., February 1.—

(By the United Press)—Union county

commissioners may take over all York township schools and finance them for the remainder of the school season. The York township Board of Education has appealed to the county commissioners to operate the township schools until the school year closes, because the board has exhausted its finances.

# STOCK PRICES MAINTAIN STRONG UNDERSTONE

## Bonds Higher On Heavy Turnover

## Southern Railway Has Top Record

## New High For New Mexico Land

NEW YORK, N. Y., February 1.—Bond prices moved higher on heavy turnover in today's early dealings, with activity centered in the railroad bonds, the Serbian 8's which gained 1/8, and the French 4's which gained 1/16. Confidence that the

Mallon tax plan bill would be passed intact was reflected in renewed buying of the U. S. Treasury notes, some of which advanced into new high grounds. Seasoned issues, with interest payments due today, led the advance in the rail group where the

strength was displayed in International Great Northern 6's, Wheeling and Lake Erie 4 1/2's, B. and O. 4's, Erie and Northern Pacific mortgages. Distillers securities certificates 5's gained a point on reported benefits likely to accrue from re-organization of the U. S. Food Products company.

NEW YORK, N. Y., February 1.—Mixed movements took place in today's active stock market. Strength of the steel, tobacco and certain low priced oils and rails were counteracted by the weakness of rubbers and chemicals. The close was irregular. Sales approximated 1,100,000 shares.

NEW YORK, N. Y., February 1.—Stock prices displayed a strong understone at the opening of today's market. Southern Railway established a record top for all time at 47 1/2 and U. S. Steel, common, crossed 107 to the highest price since last April. Maritime, Chandler, Computing, Tabulating and Recording and Dupont each advanced a point or so. Pan American issues and Davidson Chemical were heavy.

Tobacco and automotive issues gave the best demonstration of group strength, gains of 1 to 2 points being recorded by Schuch, Gilliland, American Tobacco Products, Haynes Wheel and Mack Truck. Other strong spots include Crucible Steel and Savage Arms, each up 1/2. Allied Chemical, Ferro de Pasco, American Woolen, Camero Players, Guyanell Fruit and American Hide and Leather, each up a point or more.

NEW YORK, N. Y., February 1.—Cattle: receipts 200; steady; choice dry fed yearlings 9.00@9.50; fair to good yearlings 7.85@8.25; choice, handy weight butcher steers 7.25@8.25; fair to good butcher steers 6.50@7.50; choice heavy dry fed steers 8.00@8.75; fair to good, heavy and plain steers 6.50@7.25; common and light butcher steers 4.50@5.25; choice half-cows 7.00@7.75; fair to good 4.85@5.50; choice butcher cows 5.00@5.50; fair to good 3.85@4.50; common cows, canners and cutters 1.50@2.75; choice heavy weight hogs 5.25@6.25; choice and bologna hogs 3.85@4.25.

NEW YORK, N. Y., February 1.—Hogs: receipts 4,000; 100 lbs. lower; heavy 7.50; heavy and mediums 7.60; pigs and lights 6.00; roughs 6.00; stags 4.50.

## WORDS AND THEIR FORTUNES

THE apparent failure of a newly coined word, intended to confound the conscience of the lawless drinker, to find a place in the language, tempts one to consider what quality it is in words that insures their survival. Anyone who recalls his school days will remember that some nicknames would stick and that others, apparently as appropriate, would not. So while "scofflaw," according to a survey conducted by a New York paper, is ignored by the great body of the people who determine the fate of words, other slang, as "skyscraper," "tightwad" and "highbrow" are on everybody's tongue.

It is difficult to determine why one word is accepted by the public which is the final judge in such matters and another is not. But it is clear that a word to be successful in the struggle must be descriptive. The Chinese say of one of their earlier sages that he "first gave names to plants and animals, and these names were so expressive, that by the name of the thing it was known what it was." While falling far below this ideal the whole history of the liquor industry has been recorded in expressive phrases. The older terms "tanglefoot," "booze" and "fire-water" are self-explaining while modern methods of manufacture and distribution are noted in such words as "home-brewer," "rum-runner," "hi-jacker" and "bootlegger." The place of sale was once expressed by "speakeasy," "hole-in-the-wall," and "blind-tiger," phrases that are dropping out of use.

Since language has kept pace with the varying phases of a nation-wide industry so far it is not likely that it will fail in eventually finding a word for the bootlegger's customer who makes the business profitable and therefore possible. If these patrons of the "hooch peddler" were to be known collectively they might be called "the suicide club." But when the name appears it will probably not be one called forth by a prize. It will come apparently from nowhere and will be accepted on its merits, not on its advertised claims. "Speak-easy" is said to be of Pittsburgh mintage but, like all other such words, it would be impossible to tell who first used it.

## MUSICAL TEMPERAMENT

HUMOR and scorn mixed with a little intolerance have often been indulged in comment upon the vagaries sometimes manifested by operatic singers. A multitude of shortcomings, or what appear to be shortcomings to prosaic persons, are charitably covered by allowing for "musical temperament." Artists coming under criticism of displaying too much temperament, however, sometimes prove that they have the real stuff in them and rise superior to unfortunate environment.

For example, take the case of the Wagnerian Opera Company, of which Ganna Walska was the particular star, which recently failed financially, despite the liberal support of her millionaire husband. Thirty-one members of this company sailed for Hamburg this week where an attempt will be made to recoup their fortunes by a tour of Scandinavian countries. Sixteen of the singers, because of poverty, were forced to sign on as members of the ship's crew. Two of the chorus men went into the stoke hole, a number of women were employed as maids, four had just enough money to buy steerage passage, and only 11 traveled in cabins. All of them are represented to have accepted their reverses cheerfully, going about their tasks humming strains from their favorite roles, and all had a good word for Mme. Walska and the generosity of her husband. That is the kind of temperament everybody admires, whether musical or otherwise, and it helps over many rough places whether on or off the stage.

Incidentally, one wonders over the hopes expressed by members of this opera company of recouping their fortunes in poverty-stricken Europe after their failure of financial success in the United States where money flows freely among a pleasure-seeking people. However, here is another case of temperament. In the old days before the war when a new opera was presented in Vienna or some other great musical center on the continent the newspapers issued "extras" between acts describing the event. Here in the United States we issue "extras" or megaphones the progress of prize fights between rounds. In other respects the people of the Old and the New World are also different. Perhaps the Wagnerian singers know their business and have substantial grounds for their hopes.

## NEW YORK DAY-BY-DAY

BY O. G. MCINTYRE

NEW YORK, Feb. 1.—Thoughts while strolling around New York: A fat man pondering before a weight machine. The click of subway turnstiles. A ten car train a minute. And still not enough to carry rushing crowds. The misty chimneys of field underground heat. Wonder if my new book will sell!

Insidious colorings of life. Eyes with hollow half moons underneath. Ashen cheeks splashed red. Faces that are gray. All depicting easy-morined pasta. Girls openly on the make. A worn old woman gazing longingly at the sign: "Winter Station flash by—Canal! Worth! And 'All out for Brooklyn Bridge.' The rush upward to the street. The bearded man with innersock cap who sells pocket dictionaries. There's Walter Prichard Eaton. Newsboys who growl and spit. And fight at the drop of the hat. "Pent House Are Forcing Me Out of Business." Perry's drug store—once the haven of the Fourth Estate. Newspaper Row only a memory. Little side streets paved with cobble stone. And filled with dingy shops that seem without trade. Cafeteria dancers. Where stenographers dance with clerks. And all pay their own checks. Once the haven of stolid Hollanders who drank their schnapps and smoked their pipes. At each corner a hurdy-gurdy grinds out tunes.

The old Fulton street market. Red faced women. Angry blond men. Orange colored chases. Bright peppers. Maple sugar cakes. The old man who was bit by a tarantula and is totally paralyzed. Children sleeping in baskets. Two wheeled donkey carts. The constant chugging in the East River. Men sleeping on barge beams. A pool hall advertising a "fast killing." The strange yell of streeturchins. An incessant: "Hi-ee! Hi-ee!" Blocks of kosher stores. Wiggled women who knit and dream of the days that are gone.

Down where the ghetto thunders its melody there is an open air feast each night somewhat akin to the barbecue of the west. In tin boilers the porridge of the East Side cooks the scourgings of the butcher block and the market butchers' droppings. They eat like ravenous wolves, bringing their own pans and forks to dig into the oil-pottery lottery. When they take their benches in the hallways, dogs that roam the streets are given the leavings.

The girls of the East Side entertain their beaux in the hallways. They do not invite them inside the

tiny flats in the evening. The older folk go to bed early and sleep five and six in a room and there is no room for the love-makers. The halls are cold and the girls wear their coats and the boys their overcoats and sit about on the stairs.

Down there, too, they still have those little cabarets that should be described with gully asterisks. Thus does the boozing dancer find a new market for her suggestive art. Furtive men whisper out in front of innocent appearing cellars of the naughtiness within. One tackled me. "Wickeder than Paris" he mumbled—which to me is zero in wickedness. But I followed him into a low celled room. A gypsy played a violin with a feigned wild rage. The moral atmosphere was scintillating. A thin lipped girl whose face was pitted by smallpox appeared on a platform. She leered, sang and swooned—then with a wild leap and she was gone. More devilry was to come so, the announcer said, but it was in another room and the price was one dollar—but worth it, gents. "Nobody could be lured and so the waiters said they were going to close up for the night. The handful of people went out—as people do in such places—very sheepishly. One of the girls in the bus was reading a newspaper. "I see," she remarked to her companion, "that Mr. Sauer and the octogenarian, is dead. Now what on earth is an octogenarian?" "I'm sure I haven't the faintest idea," replied the other girl. "But they're a sickly lot. You never hear of one but he's dying."

## BERTON BRALEY'S DAILY POEM

## Dwelling Places

THE Palaces of Ilum, of Nineveh and Tyre  
Were doubtless very wonderful and gorgeous to behold.  
Upholstered in magnificence to please the king's desire.  
With heavy silken trappings and with jewels and with gold.

THE Palaces of Sybaris, the Palaces of Rome,  
The Castles of King Arthur or of Russian Catherine  
And other famous palaces where monarchs made their home  
Were mighty, rich and sumptuous but not exactly clean.

THE oriental potentates or barons of the west  
Who dwell in edifices of imperial design,  
With many slaves and servants to answer their behest,  
Did not possess a palace with the luxury of mine.

DWELL in lofty eminence above a city street,  
I speak across the distances upon a shrouding wire,  
For light, I push a button, and the radiator's heat  
Has got it over anything King Arthur could acquire.

THERE wasn't any plumbing in these palaces of old,  
And when it comes to comfort I am pretty certain that  
Those emperors and potentates would marvel to behold  
The clean and cozy snugness of my little city flat.
